

IMLS CARES Act Grants for Native American/Native Hawaiian Museum and Library Services

FY 2020 NOTICE OF FUNDING OPPORTUNITY

From the Director

Museum and library services have never been more essential to their communities. COVID-19 has not only created a public health emergency, but it has also created a deep need for trusted community information, education, and connection that our libraries and museums are designed to provide. Access to and use of all kinds of health, job, government, educational, social, and cultural resources are necessary to weathering the current situation, beginning efforts to reopen, and providing services to sustain tribal communities.

As part of the nation's response to the pandemic through the CARES Act, IMLS is funding direct grants to respond quickly, efficiently, and with significant impact to the national emergency. We recognize the importance of access to technology and having the information tools with which to respond to the challenges of COVID-19.

We welcome projects that will create opportunities for Native American tribes and organizations that primarily serve Native Hawaiians to support positive socio-economic change now and in a future reopened environment. This can be through preserving jobs, staff training and development, addressing the digital divide, planning for reopening, and providing technical support and capacity building for digital inclusion and engagement.

Finally, in addition to this funding opportunity, we encourage potential applicants to consider our other grant programs to support their important ongoing work in their communities. Together, we can brighten the future for tribal communities by providing museum and library services to sustain the invaluable cultural connections, economic resources, and vital information needed today.

A. Program Description

A1. What is this grant program?

IMLS recognizes the challenges facing Indian tribes and organizations that primarily serve and represent Native Hawaiians during the COVID-19 pandemic, including the adaptations and adjustments that will be necessary to rebuild staffing, reopen facilities, and address the needs of communities affected by the impact of a global crisis.

The goal of this grant program is to assist Indian Tribes and organizations that primarily serve and represent Native Hawaiians in responding to the coronavirus pandemic in ways that meet the immediate and future COVID-19 needs of the Native American and Native Hawaiian communities they serve.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act (Pub. L. 116-136 [March 27, 2020]) provided funds to the Institute of Museum and Library Services “to prevent, prepare for, and respond to coronavirus...to expand digital network access, purchase internet accessible devices, and provide technical support services” for the benefit of communities impacted by the health emergency.

The IMLS CARES Act Grants for Native American/Native Hawaiian Museum and Library Services grant program invites project proposals that focus on preserving jobs, training staff, addressing the digital divide, planning for reopening, and providing technical support and capacity building for digital inclusion and engagement. We encourage efforts to develop programs, tools, models, partnerships, and other resources that will address immediate concerns and have the potential to inspire and benefit other tribes and related organizations as they provide museum and library services to their communities.

To reflect the priorities outlined in the CARES Act, we ask applicants to design their project proposals to primarily address digital inclusion, related technical support and training, access to information, rehiring or reskilling staff, and other needs resulting from the pandemic.

A2. What are indicators of successful projects?

Indicators (characteristics) of successful projects in the IMLS CARES Act Grants for Native American/Native Hawaiian Museum and Library Services grant program are as follows:

- *Impact:* The project addresses an identified need or challenge facing the community.
- *Design:* The work plan consists of a set of logical, interrelated activities tied directly to addressing the key need or challenge identified in the application.
- *Demonstrable Results:* The project generates measurable results that tie directly to the need or challenge it was designed to address.

A3. What are the IMLS Agency-Level Goals?

The mission of the Institute of Museum and Library Services (IMLS) is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. We provide leadership through research, policy development, and grant making.

In FY2018-2022, each award will support one of the following three goals and an associated objective from the [IMLS strategic plan](#), *Transforming Communities*:

- **Promote Lifelong Learning:** IMLS supports museums and libraries in providing learning opportunities for people of all ages, backgrounds, abilities, and interests.
- **Build Capacity:** IMLS strengthens the training and capacity of museum and library staff to serve their communities.
- **Increase Public Access:** IMLS supports museums and libraries in their efforts to increase access to information and ideas through stewarding collections and employing technology to reduce barriers and enable discovery.

IMLS places importance on diversity, equity, and inclusion. This may be reflected in a project in a wide range of ways, including efforts to serve individuals of diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; individuals with limited functional literacy or information skills; individuals having difficulty using a library or museum; underserved urban and rural communities, including children from families with incomes below the poverty line. This may also be reflected in efforts to recruit future professionals in the library or museum fields as well as strategies for building or enhancing access to collections and information.

A4. What are the project categories?

There are no project categories in the IMLS CARES Act Grants for Native American/Native Hawaiian Museum and Library Services grant program. You may apply for support of projects including, but not limited to, the following activities:

To be eligible for an award under this IMLS CARES Act Grants for Native American/Native Hawaiian Museum and Library Services Notice of Funding Opportunity, you must be:

The designation must be reflected in the terms of each agreement you make with each third party.

Reviewers are instructed to evaluate applications according to the review criteria included within the Narrative instructions in [Section D2](#) of this document. Reviewers consider all Required, Conditionally Required, and Supporting Documents, as listed in [Section D2](#).

E1a. Is cost sharing considered in the review process?

Cost sharing is an eligibility criterion and is not considered in the review of applications. Cost sharing requirements for this grant program are addressed in [Section C2](#).

E2. What is the review and selection process?

We use a peer review process to evaluate all complete applications from eligible institutions. Reviewers are professionals in the field with relevant knowledge and expertise in the types of project activities identified in the applications. We instruct reviewers to evaluate applications according to the review criteria. Peer reviewers must comply with IMLS's federal ethics and conflicts of interest requirements.

The Director takes into account the input provided by the review process and makes final funding decisions consistent with the purposes of the agency's mission and programs.

E3. What is the designated integrity and performance system and how does IMLS comply with its requirements?

IMLS, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold (currently \$ 250,000 but periodically adjusted), is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. § 2313 and 41 U.S.C. §134).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered.

IMLS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in considering the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.205 (Federal awarding agency review of risk posed by applicants).

E4. When will we be notified of funding decisions?

We will not release information about the status of an application until the applications have been reviewed and all deliberations are concluded. We expect to notify both successful and unsuccessful applicants of the final decisions by August 2020.

F. Award Administration Information

F1. How will we be notified of funding decisions?

We will notify both successful and unsuccessful applicants of funding decisions by email.

F2. What are the administrative and national policy requirements?

Organizations that receive IMLS grants or cooperative agreements are subject to the [IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards](#) (PDF 268 KB) and the [IMLS Assurances and Certifications](#). Organizations that receive IMLS funding must be familiar with these requirements and comply with applicable law.

As an applicant for federal funds, you must certify that you are responsible for complying with certain nondiscrimination, debarment and suspension, drug-free workplace, and lobbying laws. These are set out in more detail, along with other requirements, in the [IMLS Assurances and Certifications](#). By signing the application form, which includes the Assurances and Certifications, you certify that you are in compliance with these requirements and that you will maintain records and submit any reports that are necessary to ensure compliance. Your failure to comply with these statutory and regulatory requirements may result in the suspension or termination of your award and require you to return funds to the government.

F3. What are the reporting requirements?

At a minimum, you will be required to submit a performance report and financial report annually.

Reports are due according to the reporting schedule that will be provided with your official award notification. Grantees must submit reports using the IMLS electronic grants management system, eGMS. In support of the agency's commitment to open government, interim and final performance reports may be made accessible on the IMLS website to engage the public in communities of practice and to inform application development and grant making strategies.

For details and forms, please see the [Manage Your Grant: Grant Administration](#) page on the IMLS website.

You must also comply with 2 C.F.R. §§ 180.335 and 180.350 and 2 C.F.R. pt. 3185 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

F3a. What do we need to know if the Federal share of our award is more than \$500,000 over the period of performance?

If the Federal share of your award is more than \$500,000 over the period of performance, you should refer to the post-award reporting requirements reflected in 2 C.F.R. pt. 200, Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters.

Appendix One – IMLS Assurances and Certifications

As a federal agency, IMLS is required to obtain from all applicants certifications, including those regarding Nondiscrimination, Debarment and Suspension, Federal Debt Status, and Drug-Free Workplace. Applicants requesting more than \$100,000 in grant funds must also certify regarding lobbying activities and may be required to submit a “Disclosure of Lobbying Activities” form (Standard Form LLL). Some applicants will be required to certify that they will comply with other federal statutes that pertain to their particular situation. These requirements are incorporated in the Assurances Statement below. The authorized representative must review the statement and provide the certification in item 9 on the SF-424S.

Assurances Statement

By signing the application form, the authorized representative, on behalf of the applicant, assures and certifies that, should a Federal award be made, the applicant will comply with the statutes outlined below and all related IMLS regulations (for example, see 2 C.F.R. Chapter XXXI and 45 C.F.R. Chapter XI). These assurances are given in connection with any and all financial assistance from IMLS after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the United States Government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized representative whose signature appears on the application form.

Order No. 13166, the applicant must take reasonable steps to ensure that limited English proficient (LEP) persons have meaningful access to the applicant's programs (see IMLS guidance at 68 Federal Register 17679, April 10, 2003));
2. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 701 et seq., including § 794), which prohibits discrimination on the basis of disability (note: IMLS applies the regulations in 45 C.F.R. part 1170 in determining compliance with section 504 as it applies to recipients of federal assistance);

Where the applicant is unable to certify to any of the statements in this certification, the authorized representative, on behalf of the applicant, shall attach an explanation to the application.

The applicant, as a primary tier participant, is required to comply with 2 C.F.R. part 180 (Subpart C) (Responsibilities of Participants Regarding Transactions Doing Business with Other Persons) as a condition of participation in the award. Appendix Two – Required Federal Systems

Getting a D-U-N-S® Number

All non-federal entities are required to have a Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) number (a unique entity identifier) in order to apply for, receive, and report on Federal awards.

You should verify that your organization has a D-U-N-S® number. You can get one within two business days at no cost by calling the dedicated toll-free D-U-N-S® number request line at 1-866-705-5711 or by visiting <http://www.dnb.com/duns-number.html>.

Registering for SAM

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. You must be registered with SAM before you register with Grants.gov. There is no fee to register with SAM. [Click here to find information about registering with SAM.](#)

We recommend that you allow several weeks to complete your SAM registration. [NOTE: For current information on flexibilities relating to SAM registration for IMLS grant applicants, please visit [Coronavirus \(COVID-19\) Updates: Information for IMLS Grant Applicants and Awardees.](#)]

You must renew your registration in SAM at least every 12 months—and sooner, if your information changes. An expired registration will prevent you from submitting applications via Grants.gov and receiving awards or payments. Grant payments will be made to the bank account that is associated with your SAM registration.

Registering for Grants.gov

You must register with Grants.gov before submitting your application to IMLS. [Click here to learn more about the multistep registration process.](#) Make sure your D-U-N-S® number and SAM registration are accurate, current, and active. We recommend that you allow several weeks to complete your Grants.gov registration.

After you register with Grants.gov, and create an Organizational Applicant Profile, the request for the organization's Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log into Grants.gov and assign the appropriate roles to individuals within the organization. This will include the Authorized Organization Representative (AOR) which will give permission to complete and submit applications on behalf of the organization. For more detailed instructions about creating a profile on Grants.gov, please refer to <https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>.

Working with Grants.gov

[Click here to learn more about Grants.gov resources](#), which include checklists, FAQs, and online tutorials to assist you in preparing your organization to submit applications.

Grants.gov applicants apply online using “Workspace”. “Workspace” is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within a grant application. For each funding opportunity, you can create individual copies of a workspace to complete

your application. Here is an overview of how to apply through Grants.gov:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>.

Designating more than one Authorized Organization Representative (AOR) when you register in Grants.gov will help avoid last-minute crises in the event that your one AOR is unavailable when you are ready to submit your application.

Update the contact information and password in Grants.gov when the AOR at your organization changes.

Grants.gov offers online support regarding [Adobe® software](#) and [browser](#) compatibility. [Contact Grants.gov](#) at support@grants.gov or call the help line (1-800-518-4726) for technical assistance. The help line is available 24 hours a day, seven days a week, except for federal holidays.

Item 9. Authorized Representative

The Authorized Representative is the person who has the authority to legally bind your organization. Enter the requested information for this individual here. **The Authorized Representative cannot be the same person as the Project Director.** By checking the “I Agree” box at the top of Item 9, this individual certifies the applicant’s compliance with the IMLS Assurances and Certifications and any other relevant federal requirements.

The “Signature of Authorized Representative” and “Date Signed” boxes will be automatically populated by Grants.gov upon submission of the application. This will be the person whose name was listed as your organization’s authorized representative when you registered with Grants.gov. Please note that this name might not be the same as the name and other information you entered in Item 9 above; however, the person whose name appears in the “Signature of Authorized Representative” box must have

The Year 1 columns should include costs for activities that begin on the project start date (as listed on 6c of the SF-424S) and end 12 months later. If the project timeline exceeds one year, list the costs for the next 12 months in the Year 2 columns. If the project extends beyond two years, list the costs for the next 12 months in the Year 3 columns. If the program/category to which you are applying permits a fourth year as part of the budget, enter Year 4 budget details on a second copy of the IMLS Budget Form.

The budget should include the project costs that will be charged to grant funds as well as those that will be supported by cost sharing. In-kind contributions to cost sharing may include the value of services (e.g., donated volunteer or consultant time) or equipment donated to the project between the authorized start and end dates of your project. All the items listed, whether supported by grant funds or cost share, must be necessary to accomplish project objectives, allowable according to the applicable federal cost principles, auditable, and incurred during the award period of performance. Charges to the project for items such as salaries, fringe benefits, travel, and contractual services must conform to the written policies and established practices of your organization. You must report all revenues generated with project funds during the award period of performance as program income.

If you need more lines for a specific section, summarize the information in the IMLS Budget Form and explain it further in the Budget Justification.

- 1. Salaries and Wages:** Include both temporary and permanent staff as well as volunteers engaged in project activities. Document the method of cost computation (e.g., as percentage of a person’s time devoted to the project, number of days, number of hours) in your Budget Justification.
- 2. Fringe Benefits:** Fringe benefits can only be claimed as a direct cost for those positions included in your direct cost pool. Fringe benefits may be claimed only on the portion of salaries and wages identified for this project.
- 3. Travel:** Explain the method of cost computation for each travel cost, including subsistence, lodging, and transportation, in your Budget Justification.

You must use the lowest available commercial fares for coach or equivalent accommodations, and you must use U.S. flagged air carriers for foreign travel when such services are available, in accordance with applicable U.S. legal requirements.

Please refer to the Narrative section of this Notice of Funding Opportunity for information about special travel requirements, if any.

4. **Supplies, Materials, and Equipment:** List the costs of supplies, materials, and equipment purchased specifically for the proposed project. For definitions and other information, please see 2 C.F.R. pt. 200. Use the Budget Justification to explain or describe these items in further detail.
5. **Contracts and Subawards:** List each third party that will undertake project activities and their associated costs as an individual line item on your IMLS Budget Form. Designate each third party as either a contract or subaward using the drop-down menu on each line.

To explain or describe these items in further detail, you may either

- itemize these third-party costs in your Budget Justification or
- include a separate IMLS Budget Form as a Supporting Document and refer to it in the Budget Justification, for more complex projects.

6. **Student Support:** If your project includes student support costs, enter them in this section. [Click here for a definition and examples of student support.](#)
7. **Other Costs:** Use this section for costs that cannot be assigned to other categories. Do not use this section to list items that do not fit in the lines allotted for another section.
8. **Total Direct Costs:** These amounts will total automatically.
9. **Indirect Costs:** Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. [Click here for more information about indirect costs.](#)
10. **Total Project Costs:** These amounts will total automatically.

Cost Share

Cost share is that portion of the project costs that is not paid by IMLS funds. Common examples of cost share include cash outlays; contribution of property and services; and in-kind contributions, such as staff or volunteer time that support project activities.

All expenses, including cost sharing, must be incurred during the award period of performance unless otherwise specified and allowed by law. Federal funds from other Federal awards may not be used for cost sharing. All federal, IMLS, and program requirements regarding the use of funds apply to both requested IMLS funds and to cost sharing. See 2 C.F.R. §§ 200.29 and 200.306 for more information on cost share.

Budget Justification

To write your Budget Justification, follow the format of the IMLS Budget Form's section headings and save it as a PDF. Address both grant funds and cost share.

1. Salaries and Wages

Identify each person whose salary or wages will be paid with IMLS funds or by cost share, provide their names, describe their role in the project, the percent of time to be devoted to the project, and their rate of pay. If cost share is being provided by unpaid volunteers, explain how you arrived at the dollar amount used to represent the value of their services.

If you are requesting IMLS funding for salaries of permanent staff, explain the reason for the request and how the regular duties of these individuals will be performed during the award period of performance.

2. Fringe Benefits

Identify your organization's fringe benefit rate and explain the base for the calculation for each person. If you have consolidated several persons' fringe benefits into a single line on the IMLS Budget Form, break out the detail here.

3. Travel

For each trip, explain the purpose of the trip and specify the points of origin and destination, the name of the traveler, and break out the costs of transportation, lodging, per diem, and any other expenses associated with the travel. Explain how you arrived at the dollar amount.

4. Supplies, Materials, and Equipment

List each type of supply, material, and equipment you propose to purchase or provide as cost share for the project. Detail the number and unit cost for each item, and explain how you arrived at the dollar amounts. Provide vendor quotes or price lists as supporting documents with your application.

5. Contracts and Subawards

List the costs of project activities to be undertaken by third parties for the project (such as partners, consultants, collaborators, subgrantees, subawardees, vendors, and/or service providers.) Identify each third party by name, describe their role in the project, the activities they will carry out, and the cost. For each entry, designate the third party as either a subrecipient or a contractor. Explain costs for third parties and provide relevant supporting documents with your application. IMLS grant funds may generally not be provided to other U.S. government agencies.

You are responsible for making a case-by-case determination as to whether the agreement you make with a third party should be a contract or a subaward. That determination will depend upon the nature of your relationship with the third party with respect to the activities to be carried out. (See 2 C.F.R. § 200.330 (Subrecipient and contractor determinations).)

6. Student Support

Explain your method for calculating the costs listed in this section. [Click here for a definition and examples of student support.](#)

7. Other Costs

Use this section for costs that cannot be assigned to other categories.

8. Total Direct Costs

Indicate the total direct costs, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

9. Indirect Costs

If you include indirect costs in your project budget, identify the rate(s) and explain the base(s) on which you are calculating the costs. [Click here for more information about indirect costs.](#)

10. Total Project Costs

Indicate the total project costs here, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

Indirect Costs

What are indirect costs?

Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. Some examples include utilities, general insurance, use of office space and equipment that you own, local telephone service, and the salaries of the management and administrative personnel of the organization. See 2 C.F.R. pt. 200 for additional guidance.

What are our options for calculating and including indirect costs in our project budget?

You can choose to:

- Use a rate not to exceed your current indirect cost rate already negotiated with a federal agency;
- Use an indirect cost rate proposed to a federal agency but not yet finalized (if the rate is not finalized by the time of award, it will not be allowed);
- Use a rate not to exceed 10% of modified total direct costs if you have never had a federally negotiated indirect cost rate and you are not subject to other requirements (e.g., for States and local governments and Indian tribes); or
- Not include any indirect costs.

What is a federally negotiated indirect cost rate, and how do we use one?

Federally negotiated indirect cost rates are negotiated agreements between federal agencies and non-federal entities. If your organization already has an existing negotiated indirect cost rate in effect with another federal agency, you may use this rate to calculate total project costs, as long as you apply the rate in accordance with the terms of the negotiated agreement and include a copy of the current negotiated agreement with your grant application. You may also choose to use a rate lower than your current federally negotiated indirect cost rate. We will only accept federally negotiated indirect cost rates that are current by the award date.

What if we use an indirect cost rate that we proposed to a federal agency but is not yet finalized?

If your organization is in the process of negotiating an indirect cost rate with a federal agency, you may use the indirect cost rate that was proposed to the federal agency to estimate total project costs. In such situations, if we award a grant, we will accept the rate only if the negotiations are final by the award date and a copy of the final agreement is submitted to us. IMLS staff will work with you to adjust your budget prior to awarding the grant.

How do we use the 10% indirect cost rate?

Except for those non-federal entities described in Appendix VII to 2 C.F.R. pt. 200, you may choose to charge a rate not to exceed 10% of modified total direct costs (MTDC), as long you have never had a federally negotiated indirect cost rate and you meet the applicable requirements. See 2 C.F.R. part 200, including 2 CFR §§ 200.68, 200.414(f), and 200.510(b)(6), for additional guidance.

Modified total direct costs are direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each sub-award. MTDC excludes several cost categories, including equipment, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. See 2 C.F.R. § 200.68 for additional information.

If you are using the 10% indirect cost rate, check the box indicated on the IMLS Budget Form. No additional documentation is required.

Can we apply our indirect cost rate to the cost share portion on our IMLS Budget Form?

Yes. You may, consistent with 2 CFR part 200 (Uniform Guidance), apply your indirect cost rate to your total direct costs covered by cost share, but any costs you claim as cost share must be accounted for in the cost share column on the Budget Form. IMLS funds can be used for indirect costs, but only for the portion of the total direct costs for which you are requesting IMLS funds (the Grant Funds column).

Are there any other project costs that cannot be included in our indirect cost calculations?

If you have a federally negotiated indirect cost rate agreement, you must follow its conditions and requirements.

If you are eligible for and using a rate not to exceed 10%, you may include up to 10% of the modified total direct costs (MTDC) in your indirect cost calculations. (Please see above section on this 10% rate as well as 2 C.F.R. § 200.414(f) and § 200.68.)

Student Support Costs

Students are understood to be:

- Students enrolled in a community college, undergraduate, or graduate program of study.
- Individuals participating in post-master's or post-doctoral programs which are focused on supporting their career or professional development.
- Library, archive, and museum staff participating in education and training activities focused on their career or professional development.

Examples of student support include:

- Tuition support for students participating in the project.
- Salaries or stipends for graduate assistant work, so long as their work is focused on research and teaching activities (therefore contributing to their education).
- Pay and benefits for a resident or fellow to work in a position that is intended to support their learning outcomes or professional development.
- Costs for travel and conference registration provided to support a student or participant's learning outcomes or professional development.
- Costs of supplies and equipment provided to students to support a student's learning outcomes

or professional development.

Activities not considered student support include:

- Students employed in roles that are primarily administrative or clerical, doing work that is not primarily focused on their career or professional development. These costs should be listed in the salaries and wages section of the budget, and tuition paid on behalf of these students would not be considered student support.

Proof of Private, Nonprofit Status

If your organization is applying as a private, nonprofit institution, you must submit a copy of the letter from the Internal Revenue Service indicating your eligibility for nonprofit status under the applicable provision of the Internal Revenue Code of 1954, as amended. (See 2 C.F.R. §3187.7(b)). We will not accept a letter of state sales tax exemption as proof of nonprofit status.

Appendix Four – IMLS Products Guidance

Guidance for Projects that Develop Digital Products, Software, and Research Data

What are digital products?

IMLS broadly defines digital products as any digitized or born-digital content, resources, or assets; software; or research data that you may create, collect, or develop during the course of your project.

What are the IMLS requirements for projects that create, collect, or develop digital products?

IMLS is committed to expanding public access to digital products that are created using federal funds. This includes (1) digitized and born-digital content, resources, or assets; (2) software; and (3) research data. The products you create with IMLS funding require careful stewardship to protect and enhance their value, and they should be freely and readily available for use and re-use by libraries, archives, museums, and the public. Because technology is dynamic and because we do not want to inhibit innovation, we do not want to prescribe set standards and practices that could become quickly outdated. Instead, we ask that you answer questions that address specific aspects of creating and managing digital products in the Digital Product Form. [Click here to access the Digital Product Form](#) (PDF, 2MB; [Word](#), 40.4KB).

Additionally, IMLS participates in the Federal Agencies Digital Guidelines Initiative (FADGI), a collaborative effort by federal agencies to define common standards, guidelines, methods, and best practices for creating digital collections. The FADGI website includes a growing list of links to relevant standards, recommendations, and other resources. While this list is not exhaustive—nor do we endorse any specific resource—applicants considering digital projects may find the information useful. [Click here to access the FADGI website](#).

Access to Work Products and Documents from IMLS Supported Projects

How should we share our work products from IMLS-supported projects?

All work products resulting from IMLS funding should be distributed for free or at cost unless we have given you written approval for another arrangement. We encourage IMLS grant recipients to share their work products (including publications, datasets, educational resources, software, and digital content) whenever possible through free and open-access journals and repositories. We expect you to ensure that final peer-reviewed manuscripts resulting from research conducted under an award are made available in a manner that permits the public to access, read, download, and analyze the work without charge. Wide dissemination of the results of IMLS-funded projects advances the body of knowledge and professional practice in museum, library, and information services.

What project documents might IMLS make openly accessible?

We may share grant applications, work products, and reports with grantees, potential grantees, and the general public to further the mission of the agency and the development of museum, library, and information services. We require that your final report include one copy of each written product you create, unless otherwise instructed. These materials may be disseminated broadly and made available in a variety of ways and formats.

What do we need to know about copyright and works produced with IMLS support?

You may copyright any work that is subject to copyright and was developed under an award or for which ownership was purchased. However, we reserve, for federal government purposes, a royalty free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work. We encourage you to make your works produced with IMLS support widely available, including through the use of open licenses.

Appendix Five – Conflict of Interest Requirements

Conflict of Interest Requirements

What conflict of interest requirements must we follow?

As a non-federal entity, you must follow IMLS conflict of interest policies for Federal awards. You must disclose in writing any potential conflict of interest to an IMLS Program Officer, or to the pass-through entity if you are a subrecipient or contractor. This disclosure must take place immediately whether you are an applicant or have an active IMLS award.

The IMLS conflict of interest policies apply to subawards as well as contracts, and are as follows:

- As a non-federal entity, you must maintain written standards of conduct covering conflicts of

interest and governing the performance of your employees engaged in the selection, award, and administration of subawards and contracts.

- None of your employees may participate in the selection, award, or administration of a subaward or contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an organization considered for a subaward or contract. The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or contractors or parties to subawards or contracts.
- If you have a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, you are unable or appear to be unable to be impartial in conducting a subaward or procurement action involving a related organization.
