About the Institute of Museum and Library Services

The Institute of Museum and Library Services (IMLS) is the primary source of federal support for the nation's libraries and museums and related organizations. Our mission is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. Our grant making, policy development, and research help libraries and museums deliver valuable services that make it possible for communities and individuals to thrive. To learn more, visit www.ims.gov and follow us on [Facebook](#) and [X](#)

As part of its mission, IMLS conducts policy research, analysis, and data collection to extend and improve the nation's museum, library, and information services. IMLS research activities are conducted in ongoing collaboration with state library administrative agencies; national, state, and regional library and museum organizations; and other relevant agencies and organizations. IMLS research activities are designed to provide consistent, reliable, complete, and accurate indicators of the status and trends in library and museum services; and to report timely, useful, and high-quality data to Congress, the states, other policymakers, practitioners, data users, and the general public.

I. Introduction

The **State Library Administrative Agencies (SLAA) Survey** is a voluntary survey conducted biennially by the Institute of Museum and Library Services (IMLS). The SLAA Survey collects data on SLAAs in the 50 states and the District of Columbia. IMLS collects these data under the mandate in the **Museum and Library Services Act of 2018** (PL 115-410), as stated in Section 210.¹ The survey is a cooperative effort of the Chief Officers of State Library Agencies (COSLA); RTI International (RTI), the data collection agent; and IMLS.

The fiscal year (FY) 2022 survey is the 23rd in the series. The survey was put on a biennial administration schedule beginning with the FY 2010 survey; before then, it was administered annually.²

This user's guide provides detailed information on the SLAA Survey dataset pertaining to FY 2022. The data files include all SLAAs in the 50 states and the District of Columbia. The reporting unit for the survey is the SLAA. Each data file includes a total of 434 variables. Data files are available in SAS (.sas7bdat), comma-separated (.csv), and SPSS (.sav) formats. The data file record layout in Appendix A displays the layout of the data files and includes all of the variables contained therein.

Background

An SLAA is the official agency in a state with adequate authority under state law to administer state plans for libraries in accordance with the provisions of the Library Services and Technology Act (LSTA) (20 U.S.C. § 9121) of 2018. In addition to their critical role in assessing, planning, and coordinating library services and resources, SLAAs may provide important reference and information services to the state government, administer the state library or serve as the state archives, operate libraries for the blind and print disabled, and support the State Center for the Book. In some states, the SLAA also may function as a public library at large, providing library services to the general public.

Purpose of Survey

The purpose of the SLAA Survey is to provide state and federal policymakers and other interested users with information about SLAAs. The data collected are useful to chief officers of SLAAs; policymakers in the executive and legislative branches of federal and state governments; government and library administrators at the federal, state, and local levels; decisionmakers who use this survey to obtain information about services and fiscal practices; the American Library Association and its members or customers; library and public policy researchers; and the public, journalists, and others. The data collected on services provided by SLAAs to public, academic, school, and special libraries, as well as library cooperatives—when combined with the data

¹ The president's budget request for IMLS administrative costs includes funds for the Public Libraries Survey and the SLAA Survey.

² Through the FY 2010 survey administration, the SLAA Survey was known as the State Library Agency (StLA) Survey.

collected by the IMLS Public Libraries Survey and the National Center for Education Statistics surveys of academic and school libraries—provide a picture of library services that is comprehensive and nationwide in scope.

The legislative authorization to perform this data collection appears in Appendix B. IMLS library research activities are conducted in ongoing collaboration with SLAAs and other relevant agencies and organizations to extend and improve the nation's library and information services.

II. User's Guide to SLAA Data

Survey Methodology

Survey Universe

The survey universe comprises the SLAAs in the 50 states and the District of Columbia (51 total). There was no sampling: the SLAA is a census.

The respondents for the SLAA FY 2022 Survey were employed at each of the states' SLAAs. Chief officers of each SLAA assigned (one or more) respondents to provide data for the survey. Data were entered by the respondents and certified by the chief officers.

Web-Based Data Collection Tool and Questionnaire

The SLAA FY 2022 Survey data were collected in English over the Internet via a web-based reporting system programmed in Qualtrics, a commercially available web survey platform. The survey was distributed to SLAAs via an email containing the link to the web survey on Qualtrics. IMLS and RTI provided respondents with a user's guide and tutorial that explained its features and operation, the survey questionnaire, and a data edit validation guide via e-mail. The validation guide documented edit checks programmed into the Qualtrics system to alert respondents to anomalies or inconsistencies in their data entries. The intent in moving the data collection into Qualtrics was to minimize respondent burden, to improve data quality and timeliness, and to ensure that minimal edit follow-up would be required with state agencies to resolve data problems.

The FY 2022 survey collected data on items organized in 13 parts:

- A. SLAA Identification
- B. Governance
- C. Allied Operations, State Resource or Reference/Information Service Center, and State Center for the Book
- D. Services to Libraries and Library Cooperatives
- E. Public Service Hours, Outlets, and User Groups
- F. Collections
- G. Library Service Transactions
- H. Library Development Transactions
- I. Staff
- J. Revenue
- K. Expenditures
- L. LSTA State Program Expenditures
- M. Digital Services and Information

Data items and definitions are provided in the survey questionnaire and the instructions for completing survey items. Additional information on the questionnaire is provided in Appendix C.

Reporting Period

The SLAA FY 2022 Survey requested that respondents report data for the state's 2022 fiscal year, except for the items in Part B (Governance) and Part I (Staff), for which respondents were requested to report data as of October 1, 2022. The 2022 fiscal year for most states was July 1, 2021 to June 30, 2022. Five SLAAs had fiscal years with other start and end dates:

- New York: April 1, 2021–March 31, 2022
- Texas: September 1, 2021–August 31, 2022
- Alabama, District of Columbia, and Michigan: October 1, 2021–September 30, 2022

Survey Response Rate

Unit Response

The SLAA FY 2022 Survey achieved a 100 percent unit response rate; all 51 SLAAs provided data.

Item Response

Item response rates were calculated by dividing the total number of SLAAs reporting data for an item by the total number of SLAAs in the survey universe to which that item was presented.³

With the exception of three items (GOVDOC, RECFROM and LIBVISITS), all items had item response rates of 100 percent. The item response rate for GOVDOC, RECFROM and LIBVISITS was 98 percent (numbers were not reported in 1 out of 51 SLAAs).

Data Collection and Processing

Data Collection

The SLAA FY 2022 Survey was opened for data entry to SLAAs using Qualtrics-based tool beginning on January 19, 2023. The data collection was closed on March 17, 2023; however, two SLAAs requested extensions to March 31, 2023. The data submission for the final SLAA was completed in mid-May 2023. RTI was the data processing agent for the survey and administered the web application, provided technical support to respondents, performed edit and nonresponse follow-up, and produced the data files and tabulations.

To reduce respondent burden, the survey was transmitted with prior-year data pre-entered for the state agency name and address (including Part A, A-10 through A-40) based on FY 2020 SLAA Survey data and for the chief officer (Part A, A-130 through A-170) and the survey respondent (Part A, A-180 through A-220) based on contact files from stakeholder identification. Fiscal years

³ The SLAA survey instrument contains a limited number of "logical skips" in which items are not presented due to the response to an earlier item. For example, some items are lists containing an "Other" option. If the "Other" option is not selected, respondents are not given an opportunity to enter further information. Values missing in the data files for this reason are so identified. The frequencies and percentages given in Appendix E, however, effectively report these logical skips as a valid, non-missing values.

(Part A, A-230, A-240) were prefilled based on 2020 Survey data with the years adjusted for the current cycle. The respondent was asked to review the pre-entered data and to update any information that had changed since the FY 2020 survey administration. Part B: Governance was prefilled based on ADMINGROUP settings from the 2020 survey. The system also displayed prior-year responses in a non-editable, display-only field for reference for the following: Part E, E-101 through E-080; Part I, I-010 through I-050; Part J, J-070 through J-150; Part M, M-140 through M-160; and all of parts F, G, H, K and L.⁴ All other data cells were left blank for respondents to complete. All items required a response, except those that followed a logical skip pattern. The system would not allow the respondent to submit and lock data unless the respondent answered or provided a justification as to why an answer was not available.

Data Processing

To ensure accuracy, data were checked and edited, as necessary, during and after collection. In addition, missing values were imputed (see details below).

Data elements collected about the state officer and the respondent (names and contact information included in Part A of the questionnaire) were also removed from the final public data file. In addition, other data elements associated with administrative data collection processes were removed from the public data file.

Edit Checks During Data Collection

The survey program alerted respondents to potential errors in the data during the data entry process through interactive edit check warnings. The respondent was required to address these warnings through an edit check report, which could be viewed on-screen. . The edit checks programmed within Qualtrics included three types of edits:

- Relational edit checks (data consistency checks between related data elements). For example, an edit message was generated if the SLAA was designated as a federal depository library, but the respondent did not enter data for the item on the type of federal depository library.
- Out-of-range edit checks (comparisons of data reported for an item to the “plausible range” of numeric values). For example, an edit message was generated if the respondent entered a value less than 0.5 for annual circulation transactions per annual library visit.
- Blank/zero/invalid edit checks (checks of reported data against acceptable values). For example, an edit message was generated if the respondent entered a value of 0 for the data element on the number of book/serial volumes.

Respondents were required to address all edit check warnings within Qualtrics prior to submitting their data.

⁴ Data fields that stored a numeric value generally included a read-only display of the value entered for FY 2020, but text fields and radio buttons did not. To assist with data collection and entry, RTI sent respondents a copy of their last survey filled with their FY 2020 responses.

Post-Edit Processing

After respondents submitted their data, RTI performed additional edit checks or post-edit processing on the data. If any issues were identified, RTI e-mailed the respondent with a record of the issue and questions. Respondents were asked either to correct the data or to verify the data as correct. RTI analysts incorporated the edited data into the data file. This year, few issues needed to be addressed:

- Indiana: reported two programs under FIOTH1A and reported the overall amount under AMT_FIOTH1A. The reported amount was split by program as confirmed by the respondent.
- California: reported LITPRSV_1_OTH as "Yes" and left "LITPRSV_1_OTHSP" blank. LITPRSV_1_OTH was set to "No" as confirmed by respondent.
- Kentucky and North Dakota: reported EMERGE as "Yes" and left "EMERGF" blank. EMERGE was set to "No" as confirmed by respondents.
- Georgia reported OTHEROUT as 0 but notified RTI that the correct value was 1; a cross-check validation rule prevented entering the correct value. OTHEROUT was set to 1, as requested.

In addition, responses to the 10 FIOTHnA items regarding sources of federal revenue and the associated AMT_FIOTHnA dollar amount variables were consolidated and coded into new variables. The following four yes/no indicator variables were constructed to cover the most frequent FIOTH responses: FIOTH_IMLSCARES, FIOTH_NEH, FIOTH_NHPRC, and FIOTH_ARPA. Any remaining responses were captured in reformulated FIOTH1A–FIOTH9A variables. More detail on the assignment of FIOTH variables is given in Appendix D. Finally, minor changes were made to correct obvious typographical errors and to harmonize text variables.

Imputation

Imputation was performed for three numerical variables that had missing values, as shown in Table 1. In some cases, the states involved also had missing values in FY 2020. Values are marked in Table 1 as being “Imputed” or “Reported.” Growth rate imputation of missing values was used in alignment with prior SLAA surveys. Values for FY 2020 were multiplied by variable-specific growth factors calculated as the mean of the FY 2022/FY 2020 ratios over all states for which both FY 2020 and FY 2022 values were present.

Table 1. Growth Factors and Imputed Values of Numerical Variables

Variable	Growth Factor	FY 2022 Imputed Value [FY 2020 value]
GOVDOC	1.627	CT = 6,672,274 [4,101,436] (Imputed)
RECFROM	1.498	UT = 10,270 [6,855] (Reported)
LIBVISITS	1.447	UT = 6,153 [4,253] (Imputed)

Three associated imputation flag variables—GOVDOC_F, RECFROM_F, and LIBVISITS_F—were added to the dataset. Each takes the value “GR20” (growth factor) for states with imputed values based on reported values in FY 2020; “GI20” for those for which the value was imputed using the growth model applied to data imputed in FY 2020, and “R” for data as reported by the respondent.

Other Variables Added During Post-Edit Processing

Two additional variables were added to the data files to aid users in performing common analyses.

Region: The variable named OBEREGION represents the U.S. Bureau of Economic Analysis (BEA) regions, which are listed in Table 2.

Table 2. Bureau of Economic Analysis (BEA) Region Codes

Code	Region
01	New England (CT ME MA NH RI VT)
02	Mid-East (DE DC MD NJ NY PA)
03	Great Lakes (IL IN MI OH WI)
04	Plains (IA KS MN MO NE ND SD)
05	Southeast (AL AR FL GA KY LA MS NC SC TN VA WV)
06	Southwest (AZ NM OK TX)
07	Rocky Mountains (CO ID MT UT WY)
08	Far West (AK CA HI NV OR WA)

State Population: The variable named POPU_ST is the resident population derived from the 2020 Decennial Census (U.S. Census Bureau 2021).⁵

In previous survey administrations, the variable named ADMINGROUP about the SLAA administrative group was developed based on responses to four variables: BRANCH, INDAGY, LARGERAG, and OTHAGSP. This year, the SLAAs directly answered one question about the SLAA's location in State government, and whether it is (1) Department of Administration or State, (2) Department of Education, (3) Independent or legislative agency, or (4) Other type of agency. For Other type of agency, SLAAs specified the agency name. The location in State government question was prefilled based on the ADMINGROUP value from the prior data collection cycle.

New to the FY 2022 SLAA Survey data file, 10 derived variables were added that summarized responses to the first block of items, “Services to Libraries and Library Cooperatives,” in “Part D: Services to Libraries and Library Cooperatives” (see Appendix C). These variables reflect a simple “Yes/No” on whether the SLAA provided a given service to any library, regardless of type. For

⁵ U.S. Census Bureau. (2021, April). Table 2. Resident Population for the 50 States, the District of Columbia, and Puerto Rico: 2020 Census. Retrieved from <https://www2.census.gov/programs-surveys/decennial/2020/data/apportionment/apportionment-2020-table02.xlsx>.

example, the new “ACCRLIBF” variable reflects whether the SLAA responded “Yes” to any of the following: “Accreditation to libraries” by library type variables, “ACCRLIBA” (Public), “ACCRLIBB” (Academic), “ACCRLIBC” (School), “ACCRLIBD” (Special), and “ACCRLIBE” (Library Cooperatives). To pilot these additions, the derived variables were created for survey item numbers D_SV-010 through D_SV-110, and the variable names match the variable names for the serial set within that service, with an “F” for a suffix.

Error Explanation Information

Information received from states during the edit-check warning process and the post-edit process was archived for review. IMLS and RTI reviewed these metadata in order to select information that may be useful to analysts.

Nonsampling Error

Because all units in the universe were surveyed, these data are not subject to sampling error. However, the SLAA data are subject to nonsampling error, such as measurement and processing errors. Every effort has been made to mitigate such errors. The editing efforts described above are designed to decrease the number of errors due to inaccurate responses or processing problems. Imputation lessens the effect of nonresponse. Extensive quality control checks were performed, iteratively, by both RTI and IMLS.

Disclosure Limitation

The SLAA public data files contain no personally identifiable information (PII),⁶ but they do contain potentially sensitive information in the form of salary and benefits expenditures for those SLAAs with few employees. However, only Hawaii (4 full-time equivalent [FTE] staff) has fewer than 10 FTE staff. IMLS policy does not require that associated expenditures be suppressed or altered in order to protect confidentiality.⁷

Using the Data

SLAA Public-Use Data File

IMLS provides one public-use data file for this survey (slaa2022). The data file is provided in multiple formats: SAS (.sas7bdat), comma-delimited (.csv), and SPSS (.sav). The SLAA FY 2022 public-use data file consists of 51 records (observations), one for each SLAA. The data file has 434 variables, including imputation flags.

⁶ As noted earlier, personal information about the state officer and respondent gathered during the data collection phase were removed from the public data files.

⁷ IMLS policy requires suppression of salary and benefits data for entities with two or fewer staff.

Comparisons of FY 2022 Data to Prior-Year Data

Missing data were imputed beginning with the FY 1999 Survey. Data users should take into consideration that items that include imputations are not strictly comparable to data from surveys prior to FY 1999.

State comparisons should be made with caution because states vary in their fiscal year reporting periods and may vary in their interpretation of the survey items. Similarly, the District of Columbia, although not a State, is included in the survey.

Changes to FY 2022 Data Collection

Between the FY 2020 and FY 2022 data collection cycles, the COVID-19 related to services items that were added to the FY 2020 survey administration were dropped from the survey instrument of FY 2022 with the exception of one services question to cover lingering adjustments to the coronavirus pandemic. Minor changes were made to the survey after review and approval by IMLS and the Library Statistics Working Group (LSWG), such as updating wording in Part M from “electronic” to “digital” and adding in sub-selections based on historical “specify other” write-in content. One example here is adding the National Endowment for the Humanities (D_CI-060.1.7) as a federal agency to which the SLAA applies for funding. Another 10 substantive changes were developed by an LSWG subcommittee, reviewed and approved by IMLS and LSWG, and then approved by state ballot conducted in February 2022. These changes are summarized in Table 3.

Table 3. Summary of Changes to the Survey

Survey Section	Change
C-090	Added “Does the SLAA host or provide any funding to a Library for the Blind and Print Disabled?” to Part C: Allied Operations
C-100	Added “Does the SLAA have a state advisory council that advises the SLAA on the state’s LSTA program?” to Part C: Allied Operations
Part D	Changed: No longer collecting “Contract/Direct” and instead collecting “Yes/No” for each service through change to table layout in Part D: Services
Deletion	Deleted “LSTA Statewide services” as option in Part D: Services
D-SV-050.1.11	Added new item: “Collection of Library Statistics” to the consultation services block in Part D: Services
D_PA-100, D_PA-110, D_PA-120, D_PA-130	Added new sub-items to program assistance services table—“Digitization,” “Digital object preservation,” “Community workforce development,” “Emergency preparedness”—in Part D: Services
D_PA-090, D_PA-090.1	Converted one COVID item about partnerships to a permanent, general item: “Did the SLAA engage in partnerships with any government agencies or departments outside your SLAA to provide services? If Yes: “Describe how the SLAA partnered with other government agencies or departments to provide services” in Part D: Services
I-110, I-120	Added two new items that replace all the contracted/direct service-questions in Part D to Part I: Staff “Enter the total number of staff FTEs that are employed directly by the state” “Enter the total number of staff FTEs that are for contracted employees (i.e., not state employees)”

Survey Section	Change
M-081-M-085.1	Added “Does the SLAA fund or facilitate access to any of the following? Makerspace(s), Virtual reality, Wi-fi hotspots, Access to digital materials, Other emerging technologies or programs (specify)” to Part M: Digital Services and Information
Deletion	Deleted “Library staff (State and Local)” (as option for populations to whom the SLAA provides Internet) from Part M: Digital Services and Information

For FY 2022, the web data collection system also included a feature that automatically calculated totals for most of the fields that are sums of other fields. The total values were displayed on screen to assist with data entry and saved as variable values in back-end data. Respondents did not have to manually calculate the values and enter them.

Appendix B—Legislative Authorization

The Institute of Museum and Library Services (IMLS) collects these data as authorized by its congressional mandate, the Museum and Library Services Act of 2018, as stated in 20 U.S.C. § 9108 (Policy research, data collection, analysis and modeling, evaluation, and dissemination):

(a) In general

The Director shall regularly support and conduct, as appropriate, policy research, data collection, analysis and modeling, evaluation, and dissemination of information to extend and improve the Nation's museum, library, and information services.

(b) Objectives

The objectives of the policy research, data collection, analysis and modeling, evaluation, and dissemination of information carried out under this section include the following:

- (1) To enhance and expand the capacity of museums, libraries, and information services to anticipate, respond to, and meet the evolving needs of communities and the public, including by identifying trends and developments that may impact the need for and delivery of services.
- (2) To provide information and data on the role, value, and impact of museum, library, and information resources, including the identification of trends and potential gaps in the availability and use of museum and library services by their communities and the public.
- (3) To measure the effectiveness of museums, libraries, and information services throughout the United States, including the impact of Federal programs authorized under this Act.
- (4) To identify indicators and outcomes that can be used to create enhancements to the efficiency and efficacy of museum, library, and information services.
- (5) To promote advancement and growth in museum, library, and information services through sharing of best practices and effective strategies in order to better serve the people of the United States.
- (6) To facilitate planning for, and building of, institutional capacity in order to improve—
(A) museum, library, and information services at the national, State, local, and regional levels; and
(B) international communications and cooperative networks.
- (7) To support and enhance collaborative professional networks and consortia that use shared, meaningful, and actionable data analysis and modeling to advance museum, library, and information services and address community needs.

(c) Authority to contract and enter into other arrangements

The Director is authorized to enter into grants, contracts, cooperative agreements, and other arrangements with Federal agencies, public and private organizations, and other entities with expertise the Director determines appropriate, to further the objectives described in subsection (b) and to carry out the responsibilities under subsection (f).

(d) Consultation and Public Engagement

In carrying out subsection (a) and in furtherance of the objectives described in subsection (b), the Director—

(1) shall conduct ongoing collaboration (as determined appropriate by the Director) and consult with—

- (A) State library administrative agencies; and
- (B) National, State, tribal, and regional museum and library organizations; and

(2) may also collaborate or consult with—

- (A) cooperative networks of geographic- or discipline-based museums and libraries; and
- (B) Other applicable agencies, organizations (including international organizations), entities (including entities with expertise in the fields of data collection, analysis and modeling, and evaluation), and community stakeholders.

(e) Assistance to museums and libraries

The Director shall provide technical support and assistance (and other resources, to the extent practicable) to ensure consistency in data reporting and help the museum and library fields with meeting the objectives of this section.

(f) Dissemination

(1) In general—

(2) Each year, the Director shall widely disseminate, as appropriate to further the objectives described in subsection (b)—

- (A) the results, data, reports, findings, studies, surveys, and other information obtained under this section;
- (B) the means and approaches by which the objectives described in subsection (b) were accomplished; and
- (C) information regarding the manner and extent to which collaboration and consultation were conducted, as required by subsection (d).

(3) Formats to be used—

The information described in paragraph (1) shall be shared in formats that facilitate access and ease of use and are searchable.

(g) Authorization of appropriations

(1) In general

There are authorized to be appropriated to carry out this section \$3,500,000 for each of the fiscal years 2020 through 2025.

(2) Availability of funds

Sums appropriated under paragraph (1) for any fiscal year shall remain available for obligation until expended.

Appendix C—SLAA Survey Questionnaire and Instructions, FY 2022

The State Library Administrative Agencies Survey (SLAA) FY 2022 data collection tool is approved by the Office of Management and Budget (OMB) under the OMB package number 3137-0072. This OMB number will expire on September 30, 2025.

State Library Administrative Agency Survey, FY 2022 Survey Instrument

Part A: State Library Administrative Agency Identification

A-010 SLAA Name _____

Physical Location Address:

A-020 Street _____

A-030 City _____

A-040 State _____ A-050 ZIP _____

Mailing Address:

A-070 Street _____

A-080 City _____

A-090 State _____ A-100 ZIP _____

A-120 Web address _____

Chief Officer of State Library Administrative Agency:

A-130 Name _____

A-140 Title _____

A-150 Telephone _____

A-160 Fax _____

A-170 Email Address _____

Survey Respondent:

A-180 Name _____

A-190 Title _____

A-200 Telephone _____

A-210 Fax _____

A-220 Email Address _____

Reporting Period, Report Data for State Fiscal Year 2021–2022 (Except Parts B & I)

A-230 FY Starting Date (mm/dd/yyyy) _____

A-240 FY Ending Date (mm/dd/yyyy) _____

Part B: Governance

B-010 What is the SLAA's location in State government as of October 1, 2022?

- Department of Administration or State
- Department of Education
- Independent or legislative agency
- Other type of agency

B-060 If part of a larger agency, please enter the name of the larger agency:

Part C: Allied Operations, State Resource or Reference/Information Service Center, and State Center for the Book

Are any of the following allied operations combined with the SLAA? Select applicable items. Specify Yes or No for each item.

C-010 Yes No State archives

C-020 Yes No Primary State legislative research organization

C-030 Yes No State history museum/art gallery

C-040 Yes No State records management service

C-050 Yes No Other allied operation

Specify C-060_____

C-070 Does the SLAA contract with a local public library or academic library to serve as a State resource center or reference/information service center? Specify Yes or No.

Yes No

C-080 Does the SLAA host or provide any funding to a State Center for the Book? Specify Yes or No.

Yes No

C-090 Does the SLAA host or provide any funding to a Library for the Blind and Print Disabled? Specify Yes or No.

Yes No

C-100 Does the SLAA have a state advisory council that advises the SLAA on the state's LSTA program? Specify Yes or No.

Yes No

Part D: Services to Libraries and Library Cooperatives

Which of the following services are provided by the SLAA to libraries or library cooperatives? Check the box(es) below to indicate the type of library or library cooperative to which the SLAA provides each service. Check "None" if the SLAA does not provide that service.

Note: A library cooperative may serve single-type or multi-type libraries. Check the box if the service is provided by the SLAA directly or by a third party or intermediary under legal contract to the SLAA.

Survey Item	Types of Services	Type of Library					
		Public	Academic	School	Special	Library Cooperatives	None
Services to Libraries and Library Cooperatives							
D_SV-010	Accreditation of libraries

D_PA-090 Did the SLAA engage in partnerships with any government agencies or departments outside your SLAA to provide services?

Yes No

D_PA-090.1 describe how the SLAA partners with other government agencies or departments to provide services.

Note: Include partnerships between your SLAA and other government agencies or departments that provided library or non-library related services. These may be special partnerships or initiatives that are outside of the normal scope for your SLAA. Examples could include partnering with a health department to provide health outreach and materials, partnering with a labor department on unemployment forms or information, or coordinating with election boards on voter registration, outreach, or materials.

Part E: Public Service Hours, Outlets, and User Groups

Enter the total hours open in a typical week for ALL SLAA outlets, regardless of whom they serve. Do not report an allied operations outlet as an SLAA outlet. Example: If the SLAA has a main outlet with no bookmobile or other outlets and is open for public service 40 hours in a typical week, report 40 hours. If the SLAA has a main outlet, a bookmobile, and two other outlets open 40, 20, 35, and 35 hours, respectively, in a typical week, report 130 hours (40+20+35+35=130 hours per typical week).

Survey Item	Hours	Number	2020 Amount
E-010	Total hours/weeks (all SLAA outlets, regardless of whom they serve)		

Enter the total hours that the main or central SLAA outlet is open in a typical week to serve the general public or State government employees, by the following categories. Only one outlet may be designated as the main or central outlet.

Survey Item	Hours	Number	2020 Amount
E-020	Total hours/week (main or central outlet)		
E-030	Monday–Friday after 5:00 p.m. (main or central outlet)		
E-040	Saturday and Sunday (main or central outlet)		

Enter the total number of SLAA outlets by type, regardless of whom they serve. Only one outlet may be designated as the main or central outlet. Do not report an allied operations outlet as an SLAA outlet.

Survey Item	Outlet	Total #	2020 Amount
E-050	Main or central outlet		
E-060	Other outlets, excluding bookmobiles		
E-070	Bookmobiles		
E-080	TOTAL Outlets		

Enter the number of SLAA outlets that serve the following user groups, in whole or in part, by type of outlet.

Survey Item	User Groups	Main or Central Outlet (a)	Other Outlets, Excluding Bookmobiles (b)	Bookmobiles (c)	TOTAL OUTLETS (d)
E-090	Blind/physically handicapped individuals				
E-100	Residents of State correctional institutions				
E-110	Residents of other State institutions				
E-120	State government employees (executive, legislative, or judicial)				
E-130	General public				

Part F: Collections

Enter the total number of volumes or physical units in the following selected formats in all SLAA outlets (main or central, bookmobiles, and other outlets) that serve the general public and/or State government employees.

Survey Item	Selected Formats	Number
F-010	Book and serial volumes (exclude microforms) (exclude collections of Braille books owned by the National Library Service for the Blind and Print Disabled, Library of Congress)	
F-020	Audio materials (exclude collections of talking books owned by the National Library Service for the Blind and Print Disabled, Library of Congress)	
F-030	Video materials	
F-040	Current serial subscriptions (titles, not individual issues) (include print subscriptions only) (exclude microform, electronic, and digital subscriptions)	
F-050	Government documents (include only government documents not accessible through the library catalog and not reported elsewhere)	

Is the SLAA designated as a Federal or State depository library for government documents? Specify Yes or No for each item.

F-060 Yes No State depository library

F-070 Yes No Federal depository library—Specify Yes or No for each item:

F-080 Yes No Regional

F-090 Yes No Selective

Part G: Library Service Transactions

Enter ANNUAL totals for the following types of service transactions in all SLAA outlets (main or central, bookmobiles, and other outlets) that serve the general public and/or State government employees.

Survey Item	Service Transactions	Number	2020 Amount
G-010	Circulation (exclude items checked out to another library)		
	Interlibrary loan/document delivery:		
G-020	Provided to other libraries		
G-030	Received from other libraries and document delivery services		
G-040	Reference transactions		
G-050	Library visits		

Part H: Library Development Transactions

Enter ANNUAL totals for the following types of library development transactions of the SLAA.

Survey Item	Library Development Transactions	Number	2020 Amount
H-010	LSTA and State grants: Grants awarded		
H-020	Continuing education programs: Number of events		
H-030	Total attendance at events		

Part I: Staff

Enter total number of SLAA staff in full-time equivalents (FTEs) (to two decimal places), by type of service. Report all staff on the payroll as of October 1, 2022, and unfilled but budgeted positions.

Note: Forty hours per week is the measure of full-time employment for this survey. FTEs of employees in any category may be computed by taking the number of hours worked per week by all employees in that category and dividing it by 40. Report staff based on the SLAA organization chart. A given position (e.g., State Data Coordinator) may be part of administration in one agency, library development in another, and library services in another agency. If an employee provides more than one service, allocate the FTE among appropriate categories.

Survey Item	Type of Service	ALA MLS Librarian (a)	Non-ALA-MLS Librarians and Non-MLS Librarians (b)	Other Professional and Non-Professional Staff (c)	Total Staff (d)	2020 Amount
I-010	Administration					
I-020	Library development					
I-030	Library services					
I-040	Other services					
I-050	TOTAL STAFF					

I-110 Enter the total number of staff FTEs that are employed directly by the State:

I-120 Enter the total number of staff FTEs that are contracted employees (i.e., not State employees):

Part J: Revenue

Are all public library State funds administered by the SLAA? Specify Yes or No.

Note: Answer this question based on State funds distributed to individual public libraries and library cooperatives serving public libraries only in State fiscal year 2022. If no State funds are reported in Part K in items K_FA-010(b) or K_FA-020(b), the answer should be No.

J-010 Yes No

Does the SLAA administer any State funds for the following types of libraries? Specify Yes or No.

Note: Answer this question based on State funds distributed to libraries and library cooperatives in State fiscal year 2022. If no State funds are reported in Part K in items K_FA-010(b) to K_FA-050(b) or K_FA-070(b), the answer should be No.

J-020 Yes No Academic libraries

J-030 Yes No School library media centers

J-040 Yes No Special libraries

J-050 Yes No Library cooperatives

Enter total SLAA revenue, by source and type of revenue. Exclude carryover funds. Include revenue for allied operations only if it is part of the SLAA budget. Include all funds distributed to libraries and library cooperatives if the funds are administered by the SLAA. Specify other sources of federal revenue and the amount of funding received for each of the other sources.

Survey Item	Federal Revenue	Amount	2020 Amount
J-070	Library Services and Technology Act (LSTA) Grants to States Programs (Report the funds drawn down from the federal government from the LSTA Grants to States Program during State fiscal year 2022, whether drawn from one or more federal fiscal year allotments. Do not include IMLS Discretionary funds such as National Leadership Grants, Laura Bush 21st Century Librarian Program, or Sparks! Ignition—report these grants in item J-080 [Other Federal revenue]).		
J-080	Other Federal revenue: (Report revenue in this item if the SLAA received federal revenue other than LSTA Grants to States funds [e.g., National Endowment for the Humanities grants, National Historical Publications and Records Commission grants, LSTA National Leadership Grants, Laura Bush 21st Century Librarian grants, etc.]. If your State acts as the fiscal agent for a multi-State grant, report only the funds designated for your State.)		
J-080.1 – J-080.10	Specify program(s), title(s), and funding amount for each source of revenue if other federal revenue is reported in item J-080. Program and Title: _____		
J-090	TOTAL FEDERAL REVENUE		

Survey Item	State and Other Revenue	Amount	2020 Amount
J-100	SLAA operation		
J-110	State aid to libraries		
J-120	Other State revenue		
J-130	TOTAL STATE REVENUE		
J-140	Other revenue		
J-150	TOTAL REVENUE		

Part K: Expenditures

Enter total SLAA expenditures, by source of revenue and type of expenditure. Include all LSTA expenditures. Include expenditures for allied operations only if the expenditures are from the SLAA budget. Include all funds distributed to libraries and library cooperatives if the funds are administered by the SLAA.

Survey Item	Type of Expenditure	Amount by Source			
		Federal (a)	State (b)	Other (c)	TOTAL (d)
Operating Expenditures for SLAA and allied operations. Do not include funds distributed to libraries and library cooperatives in Items K_AO-010 to K_AO-060.					
K_AO-010	Salaries and wages				
K_AO-020	Employee benefits				
K_AO-030	TOTAL STAFF EXPENDITURES				
K_AO-040	Collection expenditures (including electronic materials)				
K_AO-050	Other operating expenditures				
K_AO-060	TOTAL OPERATING EXPENDITURES				
Other expenditures for SLAA and allied operations only					
K_OE-010	Capital outlay				
K_OE-020	Other expenditures				
Financial assistance to libraries and library cooperatives (Include all funds distributed to libraries and library cooperatives if the funds are administered by the SLAA)					
K_FA-010	Individual public libraries				
K_FA-020	Library cooperatives serving public libraries only				
K_FA-030	Other individual libraries				
K_FA-040	Library cooperatives serving more than one type of library				
K_FA-050	Single agency or library providing statewide service				
K_FA-060	Library construction				
K_FA-070	Other assistance				
K_FA-080	TOTAL FINANCIAL ASSISTANCE				
K_TE-010	TOTAL EXPENDITURES				

Part L: LSTA State Program Expenditures

Enter total SLAA State program expenditures, by type of expenditure. Report expenditures in one and only one category. These expenditures should also be reported in Part K.

Survey Item	Type of Expenditure	Amount	2020 Amount
L-010	Statewide service (exclude sub-grants to single libraries or agencies providing statewide services)		
L-020	Grants (include sub-grants to single libraries or agencies providing statewide services)		
L-030	LSTA administration. Expenditures of LSTA funds for administrative costs in connection with programs and services carried out under this act. <i>Note: These are the costs associated with the SLAA's management, oversight, and administration of the IMLS LSTA Grants to States program and are costs that would be considered administrative costs and subject to the 4% cap.</i>		
L-040	TOTAL LSTA EXPENDITURES		

Part M (a): Digital Services and Information

Does the SLAA fund or facilitate any of the following digital networking functions at the State level? Specify Yes or No for each item.

M-010 Yes No Network planning or monitoring

M-020 Yes No Network operation

Database development:

M-030 Yes No Bibliographic databases

M-040 Yes No Full text or data files

Does the SLAA fund or facilitate digitization programs or services in any of the following instances? Specify Yes or No for each item.

M-050 Yes No For the SLAA itself

M-060 Yes No Via grant or contracts to other State agencies

M-070 Yes No Via grants or contracts to other libraries or library cooperatives

Does the SLAA fund or facilitate library access to any of the following? Specify Yes or No for each item.

M-081 Yes No Makerspace(s)

M-082 Yes No Virtual reality

M-083 Yes No Wi-fi hotspots

M-084 Yes No Access to digital materials through Digital Public Library of America (DPLA)

M-085 Yes No Other emerging technologies or programs_____

Does the SLAA fund or facilitate library access to the Internet in any of the following ways? Specify Yes or No for each item.

M-090 Yes No State library end users

M-100 Yes No Providing direct funding for Internet access

M-110 Yes No Providing equipment

M-120 Yes No Providing access to directories, database, or online catalogs via the Internet

M-130 Yes No Managing a Web site, file server, bulletin boards, or electronic mailing lists

Enter the number of workstations that are used for Internet access by the general public in all SLAA outlets that serve the public, by the following categories. Include terminals used by both the SLAA staff and the public. Exclude terminals that are for SLAA staff use only.

Survey Item	Internet Workstations Available to the General Public	Number	2020 Amount
M-140	Library-owned public-access graphical workstations that connect to the Internet for a dedicated purpose (e.g., to access an OPAC or specific database, or to train the public) or multiple purposes. (For this count, the term "library-owned" includes computers leased by the State library agency.)		
M-150	All other public-access Internet workstations in the library. (Report non-library computers placed in the library by other agencies or groups. Report non-graphical workstations.)		

Part M (b): Digital Services and Information

How much does the SLAA expend for statewide database licensing, by source of revenue? These expenditures should also be reported in Part K.

Survey Item	Database	Federal (a)	State (b)	Other (c)	TOTAL (d)	2020 Amount
M-160	Statewide-database licensing					

Do your statewide database licenses, paid for by funds reported in M-160, include access by the following? Specify Yes or No for each item.

- M-170 Yes No Public libraries
- M-180 Yes No Academic libraries
- M-190 Yes No School library media centers
- M-200 Yes No Special libraries
- M-210 Yes No Library cooperatives
- M-220 Yes No Other State agencies
- M-230 Yes No Remote users

Does the SLAA facilitate or subsidize electronic access to the bibliographic records or holdings of other libraries in the State in any of the following ways? Specify Yes or No for each item.

- M-240 Yes No Web-based shared catalog (international, national, statewide, multistate, regional)
- M-250 Yes No Other type of digital access
- M-260 Specify _____

Is the SLAA an applicant for the Universal Service Program (E-Rate)? Specify Yes or No.

- M-270 Yes No

Appendix D—Consolidation of Other Federal Revenue (FIOTH) variables

Verbatim responses for the federal revenue source variables (FIOTHnA) and the associated amounts (AMT_FIOTHnA) were consolidated into four thematically linked indicator variables if there was mention of funding from the IMLS CARES Act (FIOTH_IMLSCARES), the National Endowment for the Humanities (FIOTH_NEH), the National Historical Publications & Records Commission (FIOTH_NHPRC) or the American Rescue Plan Act (ARPA). Other verbatim entries that could not be categorized in this way were retained in placeholder variables FIOTH1A to FIOTH9A, as applicable. Specific responses given—and amounts, which are stored in variables AMT_FIOTH1A to AMT_FIOTH9A—are summarized in Table D1. Table D2 summarizes revenue amounts by state.

Table D1. Entries and Amounts of Uncategorized Revenue Sources by State

State	Other Federal Funding Sources and Amounts
AL	HOTSPOT GRANT

Appendix E—Frequencies of Categorical Variables, Descriptive Statistics for Continuous Variables, and Imputation Flag Frequencies on the SLAA Data File

The tables in Appendix E present frequencies or descriptive statistics for all items on the survey. Most items had an item response rate of 100%, but three variables (GOVDOC, RECFROM and LIBVISITS) had item response rates of 98.04%. The missing data points were imputed for these three items using the growth rule. The data files include missing values declarations for any values such as “P—Logical skip.” However, the percentages included in Table E1 reflect inclusion of all cases and do not report “valid percentages” that would be produced given the missing values declarations.

Table E1. Frequencies of Categorical Variables

Value	Frequency	Percent	Cumulative Frequency	Cumulative Percent
