# Native American/Native Hawaiian Museum Services

## A. Program Description

### A1. Agency Mission, Goals, and Objectives

The mission of the Institute of Museum and Library Services (IMLS) is to advance, support, and empower America's museums, libraries, and related organizations through grantmaking, research, and policy development. Guiding our grantmaking are three agency-level goals with two objectives each.

- **Goal 1: Champion Lifelong Learning**
  - Objective 1.1: Advance shared knowledge and learning opportunities for all.
  - Objective 1.2: Support the training and professional development of the museum and library workforce.
- **Goal 2: Strengthen Community Engagement**
  - Objective 2.1: Promote inclusive engagement across diverse audiences.
  - Objective 2.2: Support community collaboration and foster civic discourse.
- **Goal 3: Advance Collections Stewardship and Access**
  - Objective 3.1: Support collections care and management.
  - Objective 3.2: Promote access to museum and library collections.

The Native American/Native Hawaiian Museum Services grant program is designed to support the achievement of these agency-level goals and to facilitate the delivery of significant results consistent with the IMLS federal authorizing legislation (20 U.S.C. § 9101 *et seq.*; in particular, § 9173 (d) (Services for Native Americans)). Each award that IMLS makes through the Native American/Native Hawaiian Museum Services grant program will align with one of these agency-level goals and one associated objective and will thus contribute meaningfully to the achievement of both program and agency-level goals.

[Click here to search awards made through the Native American/Native Hawaiian Museum Services grant program by year, log number, state, city, and/or keyword.](#)

Throughout its work, IMLS places importance on diversity, equity, and inclusion. This may be reflected in an IMLS-funded project in a wide range of ways, including efforts to serve individuals of diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; individuals with limited functional literacy or information skills; individuals having difficulty using a library or museum; and underserved urban and rural communities, including children from families with incomes below the poverty line.

This may also be reflected in efforts to recruit and develop future professionals in the library or museum fields (e.g., paid internships), develop strategies for building or enhancing access to collections and information, and compensate project participants (e.g., students, staff, community members, advisors) as appropriate for their time and expertise.

## A2. Native American/Native Hawaiian Museum Services

### Goals and Objectives

This program is designed to support Indian tribes and organizations that primarily serve and represent Native Hawaiians in sustaining heritage, culture, and knowledge through exhibitions, educational services and programming, workforce professional development, organizational capacity building, and collections stewardship. As a result, the Native American/Native Hawaiian Museum Services grant program has significant potential to generate positive societal impact through project activities undertaken as part of the grant-funded work and activities that may be complementary to the project. IMLS does not prescribe the type, focus, reach, or scale of societal impact required for each project, but the questions to be addressed in the application Narrative and the review criteria reflect the agency's commitment to both advancing knowledge and understanding and to ensuring that the federal investment made through grants generates benefits to society. Applicants should keep these two aims in mind when they conceptualize their projects, identify the target group(s) they propose to reach, prepare their work plans, and formulate their intended results.

Reflecting IMLS's agency-level goals, the Native American/Native Hawaiian Museum Services grant program has three program goals and from two to four objectives associated with each goal. Each applicant should align their proposed project with one of these three goals and one or more of the associated objectives. Goal and objective choices should be identified clearly in the Narrative (see [Section D2c](#)).

- **Goal 1: Empower people of all ages and backgrounds through experiential and cross-disciplinary learning and discovery.**
  - Objective 1.1: Support public programs, adult programs, family programs, and early childhood programs.
  - Objective 1.2: Support exhibitions, interpretation, and digital media.
  - Objective 1.3: Support in-school and out-of-school educational programs.
  - Objective 1.4: Support the professional development of the Native American and Native Hawaiian museum workforce.
- **Goal 2: Build the capacity of organizations to serve their communities.**
  - Objective 2.1: Support institutional planning and policy development.
  - Objective 2.2: Support technology enhancements.
- **Goal 3: Advance the management and care of Native American and Native Hawaiian collections and their associated documentation.**
  - Objective 3.1: Support cataloging, inventorying, and registration; collections information management; and collections planning.
  - Objective 3.2: Support conservation and environmental improvement and/or rehousing; [conservation surveys](#); and conservation treatment.
  - Objective 3.3: Support database management, digital asset management, and digitization.
  - Objective 3.4: Support the preservation and perpetuation of indigenous languages and traditional cultural practices.

### A3. Performance Measures

The Native American/Native Hawaiian Museum Services grant program uses four performance measures as a basis for understanding (1) how well the grant program is meeting its goals and (2) how individual projects are being managed.

- **Effectiveness:** The extent to which activities contribute to achieving the intended results
- **Efficiency:** How well resources (e.g., funds, expertise, time) are used and costs are minimized while generating maximum value for the target group
- **Quality:** How well the activities meet the requirements and expectations of the target group
- **Timeliness:** The extent to which each task/activity is completed within the timeframe proposed

Each applicant is asked to describe how they will monitor and assess their performance in carrying out their project as a whole using these four measures (see [Section D2c](#) Item 7).

### A4. Authorizing Statute and Regulations

**Statute:** 20 U.S.C. § 9101 *et seq.*; in particular, § 9173 (d) (Services for Native Americans); and federal law as applicable.

**Regulations:** 45 C.F.R. Chapter XI and 2 C.F.R. Chapter XXXI

*Recipients must follow the IMLS regulations that are in effect at the time of the award.*

*The Office of Management and Budget (OMB) guidance on Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) can be found at 2 C.F.R. part 200. With certain IMLS-specific additions, IMLS regulations at 2 C.F.R. part 3187 formally adopt the 2 C.F.R. part 200 Uniform Guidance.*

## C. Eligibility Information

### C1. Eligible Applicants

To be eligible for an award under this Native American/Native Hawaiian Museum Services Notice of Funding Opportunity, your organization must be:

- a Federally Recognized Indian Tribe or
- a Nonprofit Organization that Primarily Serves and Represents Native Hawaiians.

#### **Federally Recognized Indian Tribe**

To be eligible for funding as this type of entity, your organization must be an “Indian tribe,” which means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A list of eligible entities is available from the Bureau of Indian Affairs.

#### **Nonprofit Organization that Primarily Serves and Represents Native Hawaiians**

To be eligible for funding as this type of entity, your organization must be a nonprofit that primarily serves and represents Native Hawaiians, as that term is defined in 20 U.S.C. § 7517. In order for a museum to be eligible, it must demonstrate that it is established as an organization that meets this statutory eligibility criteria.

We recognize the potential for valuable contributions to the overall goals of the Native

American/Native Hawaiian Museum Services grant program by entities that do not meet the eligibility requirements above. Although such entities may not serve as the lead applicant organization, they are encouraged to participate in projects as partners. Such entities may, for example, assist the lead applicant with project activities. Federally operated libraries and museums may not apply for Native American/Native Hawaiian Museum Services grants, but they may serve as nonessential partners to applicants if they do not receive IMLS grant funds as a result of the project. Please note that federally appropriated funds, whether they are disbursed directly to you by an agency of the federal government or indirectly through another organization, do not count toward your cost share, if any.

Contact IMLS before submitting an application involving a federal agency or federal collection.

## C2. Cost Share Requirements

Cost share is allowed but not required for the Native American/Native Hawaiian Museum Services grant program and will not be considered in the review of the application.

Cost share that appears in the project budget should be carefully calculated. Recipients are expected to meet their cost share commitments.

[Click here for further information on cost share.](#)

## C3. Other Eligibility Information

Eligible applicants may submit multiple applications for separate and distinct projects under this announcement.

Applications involving partnerships or collaborations are welcome. When two or more eligible institutions or organizations work together on a project, one of them must meet all eligibility requirements, serve as the lead applicant, and administer the award on behalf of the other(s). If IMLS funds the project, the lead applicant will be programmatically, fiscally, and legally responsible for the award.

IMLS will not review applications from ineligible applicants. IMLS will notify each applicant whose application will not be reviewed because the organization is determined to be ineligible.

IMLS will not make awards to ineligible applicants. In order to receive an IMLS award, an organization must be eligible and be in compliance with applicable requirements.

All application materials must be received through Grants.gov by the application deadline, 11:59 p.m. U.S. Eastern Time on November 15, 2021. Late applications will not be considered for funding under this notice.

### 4. Organizational Profile

Create a one-page Organizational Profile for the lead applicant, addressing the following, and save it as a PDF.

- Your organization's mission or statement of purpose, noting the source, approving body, and date of the official document in which it appears.
- Your service area (i.e., communities and/or audiences served, including size, demographic characteristics, and geographic area).
- A brief history of your organization, focusing on the organizational unit that will be directly involved in carrying out the work.

If your proposal is selected for funding, the Organizational Profile may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

### 5. Proposal Narrative

Write a Narrative that addresses the questions listed under each section heading, and save it as a PDF.

- Limit the Narrative to five numbered pages. We will remove any additional pages, and we will not send them to reviewers as part of your application.
- Consider each Narrative question and be mindful of the review criteria as listed in [Section E1.](#)
- Be clear and concise with minimal use of technical jargon and acronyms.
- Include references throughout your Narrative to any Supporting Documents that provide supplementary material.
- Make sure your organization's name appears at the top of each page.
- Use at least 0.5-inch margins on all sides and a font size of at least eleven points.

If your proposal is selected for funding, the Narrative may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

Organize your Narrative using the section headings of Project Justification, Project Work Plan, and Project Results. Consider the Native American/Native Hawaiian Museum Services grant program goal and objective(s) you have selected ([Section A2](#)) as you develop the Narrative.

### Project Justification

- Which program goal and associated objective(s) of the Native American/Native Hawaiian Museum Services grant program will your project address (see [Section A2](#))?
- How will your project strengthen museum services?
- What need, problem, or challenge will your project address, and how was it identified? Describe how you have used demographic information, economic circumstances, condition assessments, and other relevant data from reliable sources to define the need, problem, or challenge and develop the scope for the project.
- Who is the target group for your project and how have they been involved in the planning? “Target group” refers to those who will be most immediately and positively affected by your project. Identify the number of individuals in the target group or in each target group, if you identify more than one.
- Who are the ultimate beneficiaries for this project? “Beneficiaries” refers to those who are likely to be aided in the long-term by your project. They may or may not be the same as your “target group.” Identify the number of individuals who will benefit from your project in the long term, if reliable and defensible counts are possible. Otherwise describe the characteristics of the beneficiaries you expect to be served eventually by your project.

### Project Work Plan

- What specific activities will you carry out and in what sequence?
- What are the risks to the project and how will you mitigate them?
- Who will plan, implement, and manage your project?
- What time, financial, personnel, and other resources will you need to carry out the activities?

**Note:** You must include \$3,000 per year in award funds for travel to attend IMLS-designated meetings.

- How will you track your progress toward achieving your intended results?

### Project Results

- What are your project’s intended results and how will they address the need, problem, or challenge you have identified? Be sure to address this question from the dual perspectives of advancing knowledge and understanding and ensuring that the federal investment made through this grant generates benefits to society.
- How will the knowledge, skills, behaviors, and/or attitudes of the target group change as a result of your project?
- If applicable, how will the care, condition, management, access to, or use of the collections and/or records that are the focus of your project improve?
- What products will result from your project?

- How will you sustain the benefit(s) of your project beyond the conclusion of the period of performance?

See [Section E1](#) for the review criteria.

Please be advised that reviewers may also choose to visit your organization's website, as listed on the SF-424S form provided with your application.

## 6. Schedule of Completion

The Schedule of Completion should reflect each major activity identified in your application Narrative and the project dates identified on the SF-424S and the IMLS Budget Form. It should show when each major project activity will start and end. The schedule must be no longer than one page per project year. See the sample Schedule of Completion below. Save this document as a PDF.

If your proposal is selected for funding, the Schedule of Completion may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

## 7. Performance Measurement Plan

The Performance Measurement Plan should show how you will monitor and assess your performance as a grantee from the perspectives of Effectiveness, Efficiency, Quality, and Timeliness for your overall project (see [Section A3](#)).

For each measure, identify what data you will collect from what source, the method you will use to collect it, and according to what schedule. The chart below provides sample statements for each measure and a space to record your own. [Click here for a fillable version of this chart](#) (DOCX, 25KB), which you are welcome, but not required, to use. Limit your Performance Measurement Plan to two pages and save your document as a PDF., which you are welcome, but not required, to use. Limit your Performance Measurement Plan to two pages and save your document as a PDF.

If your proposal is selected for funding, the Performance Measurement Plan may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

Performance Measure	Data We Will Collect (e.g., counts, costs, weights, volumes, temperatures, percentages, hours, observations, opinions, feelings)	Source of Our Data (e.g., members of the target group, project staff, stakeholders, internal/external documents, recording devices, databases)	Method We Will Use (e.g., survey, questionnaire, interview, focus group, informal discussion, observation, assessment, document analysis)	Schedule (e.g., daily, weekly, monthly, quarterly, annually, beginning/end)

## D3. Registration Requirements

Before submitting an application, an applicant organization must have a current and active Dun and Bradstreet Universal Numbering System (D-U-N-S®) Number; a current and active System for Award Management (SAM) registration; and an active Grants.gov registration with an approved Authorized Organization Representative (AOR). Check materials and registrations well in advance of the application deadline to ensure that they are accurate, current, and active.

Organizations must maintain current information in SAM, including information on their immediate and highest-level owner and subsidiaries, as well as on all of predecessors that have been awarded a federal contract or federal financial assistance within the last three years, if applicable. IMLS may reject an application if the SAM registration is not active and current at the time of submission. IMLS may determine that an applicant without an active and current SAM registration at the time an award is made is not qualified to receive an award and use that determination as a basis for making an award to another applicant.

### D3a. Unique Entity Identifier

The Unique Entity Identifier (UEI) number is a non-proprietary alphanumeric identifier assigned to all entities (public and private companies, individuals, institutions, or organizations) who register to do business with the Federal Government. The UEI is replacing the D-U-N-S® Number and is requested in, and assigned by, the System for Award Management (SAM). Award recipients must inform any subrecipients that the recipient may not make a subaward unless the subrecipient has also obtained a UEI. [Click here to learn more about planned UEI updates.](#)

### D3b. System for Award Management (SAM)

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. There is no fee to register with SAM. [Click here to learn more about SAM registration.](#)

### D3c. Grants.gov

Grants.gov is the centralized location for grant seekers to find and apply for federal funding opportunities.

Applicants must register with Grants.gov prior to submitting an application package. The multistep registration process generally cannot be completed in a single day. If your organization is not already registered, allow several weeks before the application deadline to complete this one-time process.

**Do not wait until the day of the application deadline to register.**

The Grants.gov user ID and password obtained during the registration process are required to submit an application when it is complete.

[Click here to learn more about Grants.gov registration and tips for using Grants.gov.](#)

## D4. Submission Dates and Times

**All organizations must submit their applications for funding using Grants.gov Workspace.** Do not submit through email or postal mail to IMLS.

For the Native American/Native Hawaiian Museum Services grant program, Grants.gov will accept applications through 11:59 p.m. U.S. Eastern Time on November 15, 2021.

Under certain circumstances, IMLS allows an extension of grant application deadlines for adversely affected applicant organizations that are located in counties listed in Emergency Declarations and/or Major Disaster Declarations. See [Application Deadlines](#) for further information.

IMLS strongly recommends that applicants obtain D-U-N-S® number, register with SAM and Grants.gov, and complete and submit applications early (see [Section D3](#)). IMLS makes grants only to eligible applicants that submit applications, including attachments, through Grants.gov, on or before the deadline, as indicated by the date stamp generated by Grants.gov.

Visit [Grants.gov Support](#), email [support@grants.gov](mailto:support@grants.gov), or call Grants.gov Applicant Support at 1-800-518-4726 for technical assistance. Grants.gov Applicant Support is available 24 hours a day, seven days a week, except for federal holidays.

Grants.gov will generate a series of emails confirming the status of each application. Applicants can check the status of their application(s) in Grants.gov by using "[Track My Application](#)." For further details, visit [Check Application Status](#) at Grants.gov.

## D5. Intergovernmental Review

This funding opportunity is not subject to intergovernmental review per Exec. Order No. 12372.

## D6. Funding Restrictions

### D6a. Allowable and Unallowable Costs

Applicants may use IMLS funds and cost share only for allowable costs as found in IMLS and OMB government-wide cost-principle rules. Please consult 2 C.F.R. part 200 and 2 C.F.R. part 3187 for additional guidance on allowable costs.

The following list includes some examples of generally allowable costs, both for IMLS funds and for cost share under this announcement:

- personnel salaries, wages, and fringe benefits
- travel expenses for key project staff and consultants

- materials, supplies, software, and equipment related directly to project activities
- adaptive and/or assistive technologies and other resources and services to improve accessibility for persons with disabilities
- equipment to improve collections storage and exhibit environments
- third-party costs
- publication design and printing
- program evaluation
- staff and volunteer training
- paid internships/fellowships
- indirect or overhead costs

Applicants must explain all proposed expenses in the Budget Justification.

The following list includes some examples of unallowable costs, both for IMLS funds and for cost share under this announcement:

- social activities, ceremonies, receptions, or entertainment
- research projects (see 2 C.F.R. § 200.1)

*If you have questions about whether specific activities are allowable, contact IMLS staff for guidance.*

## **D6b. Costs for Third Parties**

When a project requires the payment of federal funds to third parties (such as partners, consultants, collaborators, vendors, and/or service providers), it is the applicant organization's responsibility to determine whether a third party should be characterized as a subrecipient or a contractor. The characterization must be reflected in the terms of each agreement made with each third party. (See 2 C.F.R. § 200.1 for definitions of *contract*, *contractor*, *subaward*, and *subrecipient*; see also 2 C.F.R. § 200.331 (Subrecipient and contractor determinations).) IMLS grant funds may not be provided to any federal agency serving as a third party.

## **D6c. Indirect Costs**

An applicant can choose to:

- use a rate not to exceed their current indirect cost rate already negotiated with a federal agency;

- use an indirect cost rate proposed to a federal agency for negotiation, but not yet finalized, as long as it is finalized by the time of the award;
- use a rate not to exceed 10 percent of the Modified Total Direct Costs (MTDC) if the organization currently does not have a federally negotiated indirect cost rate and is not subject to other requirements (e.g., for States and local governments and Indian tribes); or
- not include any indirect costs.

## **E2. Review and Selection Process**

IMLS uses a peer review process to evaluate all complete applications from eligible institutions. Reviewers are professionals in the field with relevant knowledge and expertise in the types of project activities identified in the applications. IMLS instructs reviewers to evaluate applications according to the review criteria. Peer reviewers must comply with IMLS's federal ethics and conflicts of interest requirements.

The Director takes into account the input provided by the review process and makes final funding decisions consistent with the purposes of the agency's mission and programs.

## **E3. Designated Integrity and Performance System**

IMLS, prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold (currently \$250,000 but periodically adjusted), is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. § 2313 and 41 U.S.C. § 134).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a federal awarding agency previously entered.

IMLS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in considering the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.206 (Federal awarding agency review of risk posed by applicants).

## **E4. Anticipated Announcement and Award Dates**

IMLS will not release information about the status of an application until the applications have been reviewed and all deliberations are concluded. IMLS expects to notify both successful and unsuccessful applicants of the final decisions by email in June 2022.

## F. Award Administration Information

### F1. Federal Award Notices

IMLS will notify both successful and unsuccessful applicants of funding decisions by email.

### F2. Administrative and National Policy Requirements

Organizations that receive IMLS grants or cooperative agreements are subject to [2 C.F.R. part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#), [2 C.F.R. part 3187](#), the [IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards](#) (PDF, 459KB), and the [IMLS Assurances and Certifications](#).

Organizations that receive IMLS funding must be familiar with these requirements and comply with applicable law.

Applicants for federal funds must certify that they are responsible for complying with certain nondiscrimination, debarment and suspension, drug-free workplace, and lobbying laws. These are set out in more detail, along with other requirements, in the IMLS Assurances and Certifications. By submitting the application, which includes the Assurances and Certifications, applicants certify that they are in compliance with these requirements and that they will maintain records and submit any reports that are necessary to ensure compliance. Failure to comply with these statutory and regulatory requirements may result in the suspension or termination of an award and require that the recipient return funds to the government. For information about award termination, please see the IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards and 2 C.F.R. § 200.340.

### F3. Reporting

Recipients must comply with the following reporting requirements.

Interim and final financial and performance reports are due according to the reporting schedule that is part of the official award notification. Grantees must submit reports using the IMLS electronic grants management system. In support of the agency's commitment to open government, interim and final performance reports may be made accessible on the IMLS website to engage the public in communities of practice and to inform application development and grant-making strategies.

For details, please see the [Manage Your Award: Grant Administration](#) page on the IMLS website.

Grantees must also comply with 2 C.F.R. §§ 180.335 and 180.350 and 2 C.F.R. part 3185 with respect to providing information regarding all debarment, suspension, and related offenses, as applicable.

If the federal share of the award is more than \$500,000 over the period of performance, recipients should refer to the post-award reporting requirements reflected in 2 C.F.R. part 200, Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters.

IMLS staff will notify the individuals who are identified as potential reviewers by email prior to the next review period to confirm availability.

### H7. Copyright Information

Awardees may copyright any work that is subject to copyright and was developed under an award or for which ownership was purchased. However, IMLS reserves, for federal government purposes, a royalty free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and

authorize others to reproduce, publish, or otherwise use the work. IMLS encourages awardees to make their works produced with IMLS support widely available, including through the use of open licenses.

## H8. Application Completion Time

Complete applications include the elements listed in the Table of Application Components in [Section D2a](#). IMLS estimates the average amount of time needed for one applicant to complete the narrative portion of this application to be 35 hours. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and writing and reviewing the answers.

IMLS estimates that it will take an average of 15 minutes per response each for the IMLS Supplementary Information Form and the IMLS Museum Program Information Form and three hours per response for the IMLS Budget Form.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Institute of Museum and Library Services at 955 L'Enfant Plaza North, SW, Suite 4000, Washington, DC, 20024-2135, and to the Office of Management and Budget, Paperwork Reduction Project (3137-0095), Washington, DC, 20503.

Chapter XXXI and 45 C.F.R. Chapter XI). These assurances are given in connection with any and all financial assistance from IMLS after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the United States Government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized representative whose signature appears on the application form.

Where the applicant is unable to certify to any of the statements in this certification, the authorized representative, on behalf of the applicant, shall attach an explanation to the application.

## **Appendix Two – Guidance for Required Registrations**

### **Working with D-U-N-S® Numbers and Unique Entity Identifiers**

Until recently, all non-federal entities were required to obtain a Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) Number in order to apply for, receive, and report on federal awards. The Unique Entity Identifier (UEI) is replacing the D-U-N-S® Number and will be requested in, and assigned by, the System for Award Management (SAM). Applicants with active SAM registrations can

find their assigned UEI in their SAM records. Applicants without an active SAM registration will need a D-U-N-S® Number to register in SAM.

Visit <https://www.dnb.com/duns-number.html> or call 1-866-705-5711 to look up, request, or update the information associated with an organization's D-U-N-S® Number. D-U-N-S® Numbers are free and can be created in one or two business days.

For more information about the transition from D-U-N-S® to UEI, visit [gsa.gov/entityid](https://gsa.gov/entityid).

## Registering with SAM

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients and is free to all users. Applicants must be registered with SAM before registering with Grants.gov. [Click here to learn how to check on an organization's registration status in SAM.](#)

Representatives of organizations that must register with SAM for the first time must begin by creating a SAM user account through [login.gov](https://login.gov). [Click here to access instructions and FAQs.](#) Then proceed to the registration process.

IMLS recommends that applicants allow several weeks to complete the SAM registration and to secure a CAGE Code.

Applicants and recipients must renew their registrations in SAM at least every 12 months—and sooner if their information changes. An expired registration will prevent an organization from submitting applications via Grants.gov and receiving awards or payments. Grant payments will be made to the bank account that is associated with the organization's SAM registration.

## Registering with Grants.gov

Grants.gov is a website owned and operated by the Federal Government and is free to all users. Applicants must register with Grants.gov before submitting an application to IMLS. [Click here to learn more about the multistep registration process.](#) Applicants should make sure that the information associated with their D-U-N-S® Numbers is accurate and that the SAM registration is current and active. Allow several weeks to complete the Grants.gov registration.

After an organization registers with Grants.gov and creates an Organizational Applicant Profile, the request for the organization's Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log into Grants.gov and assign the appropriate roles to individuals within the organization. This will include the Authorized Organization Representative (AOR) which will give permission to complete and submit applications on behalf of the organization. [Click here for more detailed instructions for creating a profile on Grants.gov.](#)

Designating more than one Authorized Organization Representative (AOR) when registering in Grants.gov will help avoid last-minute crises in the event that a single AOR is unavailable when the organization is ready to submit the application. It is also important to update the contact information and password in Grants.gov whenever an AOR changes.

Visit [Grants.gov Support](#), email [support@grants.gov](mailto:support@grants.gov), or call Grants.gov Applicant Support at 1-800-518-4726 for technical assistance. Grants.gov Applicant Support is available 24 hours a day, seven days a week, except for federal holidays. [Click here for Grants.gov Applicant FAQs](#) with links to additional applicant resources.

## Working with Grants.gov Workspace

Grants.gov applicants apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different forms within an application. For each funding opportunity, applicants can create individual copies of a workspace to complete an application. ## Appendix Three – Guidance for Completing Forms and Other Application Components

### Grants.gov SF-424S Form

The SF-424S Form, or the Application for Federal Domestic Assistance/Short Organizational Form, is part of the application package downloaded from Grants.gov.

#### Items 1 through 4

These items are automatically populated by Grants.gov.

#### Item 5. Applicant Information

- a. **Legal Name:** Enter your organization's legal name as it appears in your SAM registration. This is the organization with the authority to apply directly for funding in this program. If you have an organizational unit that will be carrying out the project, be sure that it is specified as the organizational unit on the IMLS Supplementary Information Form.
- b. **Address:** Enter your legal applicant's address as it appears in your SAM registration.
- c. **Web Address:** Enter your web address.
- d. **Type of Applicant:** Select the code that best characterizes your organization from the menu in the first dropdown box. Leave the other boxes blank.
- e. **Employer/Taxpayer Identification Number (EIN/TIN):** Enter the EIN or TIN assigned to your organization by the Internal Revenue Service.
- f. **Organizational UEI:** Enter your organization's Unique Entity Identifier (UEI). If your organization's SAM registration is active, you can find your assigned UEI in your SAM record. If you cannot locate your UEI, contact the Federal Service Desk at [www.fsd.gov](http://www.fsd.gov) or 1-866-606-8220.
- g. **Congressional District:** Enter your organization's congressional district. Use the following format: two-letter state abbreviation, followed by a hyphen, followed by a zero, followed by the two-digit district number. For example, if the organization is located in the 5th Congressional District of California, enter "CA-005." For the 12th Congressional District of North Carolina, enter "NC-012." For states and territories with "At Large" Congressional Districts—that is, one representative or delegate represents the entire state or territory—use "001," e.g., "VT-001."

If your organization does not have a congressional district (e.g., it is located in a U.S. territory that does not have districts), enter "00-000." To determine your organization's district, [click](#)

[here to visit the House of Representatives website](#) and use the “Find Your Representative” tool.

#### Item 6. Project Information

- a. **Project Title:** Enter a brief descriptive title for your project. IMLS may use this title for public information purposes.
- b. **Project Description:** Enter a brief description (about 120 words) of your project. Tell us what your project will do, for whom or what, and describe the intended results. Use clear language that can be understood by readers who might not be familiar with the discipline or subject area.
- c. **Proposed Project Start Date/End Date:** Enter the start date and end date of the proposed period of performance in the format mm/dd/yyyy. The project period begins on the first day of the month in which project activities start and ends on the last day of the month in which these activities are completed. Refer to [Section B](#) of this Notice of Funding Opportunity to determine when your project can begin.

#### Item 7. Project Director

The Project Director is the person who will have primary responsibility for carrying out your project’s activities. Enter the requested information for this individual here.

*IMLS requires that the Project Director be a different person than the Authorized Representative.*

#### Item 8. Primary Contact/Grants Administrator

The Primary Contact/Grants Administrator is the person who has primary responsibility for administering the award. Enter the requested information for this individual here. If the Primary Contact/Grants Administrator is the same as the Authorized Representative, please still complete both Items 8 and 9.

In some organizations this individual may be the same as the Project Director. If this is the case, check the box and skip to Item 9.

#### Item 9. Authorized Representative

The Authorized Representative is the person who has the authority to legally bind your organization. Enter the requested information for this individual here. **The Authorized Representative cannot be the same person as the Project Director.** By checking the “I Agree” box at the top of Item 9, this individual certifies the applicant’s compliance with the [IMLS Assurances and Certifications](#) and any other relevant federal requirements.

The “Signature of Authorized Representative” and “Date Signed” boxes will be automatically populated by Grants.gov upon submission of the application. This will be the person whose name was listed as your organization’s authorized representative when you registered with Grants.gov. Please note that this name might not be the same as the name and other information you entered in Item 9 above; however, the person whose name appears in the “Signature of Authorized Representative” box must have authorization from your organization to submit this application on behalf of your organization.

Submission of the electronic application acknowledges that your organization certifies compliance with relevant federal requirements, including but not limited to the [IMLS Assurances and Certifications](#), to the same extent as the signature does on a paper application.

## IMLS Supplementary Information Form

This is a dynamic form, so your answers to certain questions will determine what questions you see next.

### Applicant Information

Does the legal applicant identified on the SF-424S have an organizational unit that will perform the activities described in the application?

- If your organization has a parent organization, such as a university or a unit of state or local government, or cannot apply for grants on its own behalf, check YES.

**Section 1. Organizational Financial Information:** a-d. Federally recognized tribes are not required to submit this information. However, to avoid error messages and so that your form may be successfully submitted, enter "0" under Total Revenue and under Total Expenses for each Fiscal Year.

Nonprofit organizations that primarily serve and represent Native Hawaiians should provide the information requested.

**Section 2. Agency-Level Goals and Objectives:** Select one of the three IMLS Agency-Level Goals with which your project best aligns. Once you have selected a goal, then select one associated objective.

**Section 3. Grant Program:** Select Native American/Native Hawaiian Museum Services.

## IMLS Budget Form

Make sure that JavaScript is enabled in your web browser. Download the [IMLS Budget Form](#) (PDF, 1.7MB) to your computer and work on it outside your web browser. When it is complete, save it as a PDF and upload it as part of your application through Grants.gov.

The IMLS Budget Form accommodates up to three years of project activities and expenses. Project timelines, allowable costs, and other budget details vary by program. Be sure to review the Notice of Funding Opportunity for the grant program/category to which you are applying and the cost principles in 2 C.F.R. part 200 and 2 C.F.R. part 3187.

The Year 1 columns should include costs for activities that begin on the project start date (as listed on 6c of the SF-424S) and end 12 months later. If the project timeline exceeds one year, list the costs for the next 12 months in the Year 2 columns. If the project extends beyond two years, list the costs for the next 12 months in the Year 3 columns.

The budget should include the project costs that will be charged to grant funds as well as those that will be supported by cost share. In-kind contributions to cost share may include the value of services (e.g., donated volunteer or consultant time) or equipment donated to the project between the authorized start and end dates of your project. All the items listed, whether supported by grant funds or cost share, must be necessary to accomplish project objectives, allowable according to the applicable federal cost principles, auditable, and incurred during the award period of performance. Charges to the project for items such as salaries, fringe benefits, travel, and contractual services must conform to the written policies and established practices of your organization. You must report all revenues generated with project funds during the award period of performance as program income.

If you need more lines for a specific section, summarize the information in the IMLS Budget Form and explain it further in the Budget Justification.

- 1. Salaries and Wages:** Include both temporary and permanent staff as well as volunteers engaged in project activities. Document the method of cost computation in your Budget Justification by including the base salary or wages for each person and the percentage of time each person is allocated to the project activities, which may be shown as a percentage of time, number of days, or number of hours.
- 2. Fringe Benefits:** Fringe benefits can only be claimed as a direct cost for those positions included in your direct cost pool. Fringe benefits may be claimed only on the portion of salaries and wages identified for this project.
- 3. Travel:** You must include \$3,000 per year in award funds for travel to attend IMLS-designated meetings. For all other travel costs, explain the method of cost computation for each, including subsistence, lodging, and transportation, in your Budget Justification.

You must use the lowest available commercial fares for coach or equivalent accommodations, and you must use U.S. flagged air carriers for foreign travel when such services are available, in accordance with applicable U.S. legal requirements.

4. **Supplies, Materials, and Equipment:** List the costs of supplies, materials, and equipment purchased specifically for the proposed project. For definitions and other information, please see 2 C.F.R. part 200. Use the Budget Justification to explain or describe these items in further detail.
5. **Subawards and Contracts:** List each third party that will undertake project activities and their associated costs as an individual line item on your IMLS Budget Form. Designate each third party as either a subaward or a contract using the drop-down menu on each line.

To explain or describe these items in further detail, you may either:

- itemize these third-party costs in your Budget Justification or
  - include a separate IMLS Budget Form as a Supporting Document and refer to it in the Budget Justification for more complex projects.
6. **Student Support:** If your project includes Student Support costs, enter them in this section. [Click here for a definition and examples of Student Support.](#)
  7. **Other Costs:** Use this section for costs that cannot be assigned to other categories. Do not use this section to list items that do not fit in the lines allotted for another section.
  8. **Total Direct Costs:** These amounts will total automatically.
  9. **Indirect Costs:** Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. [Click here for more information about indirect costs.](#)
  10. **Total Project Costs:** These amounts will total automatically.

## Cost Share in the Budget

Cost share is that portion of the project costs that is not paid by IMLS funds. Common examples of cost share include cash outlays; contribution of property and services; and in-kind contributions, such as staff or volunteer time that support project activities.

All expenses, including cost share, must be incurred during the award period of performance unless otherwise specified and allowed by law. Federal funds from other federal awards may not be used for cost share. All federal, IMLS, and program requirements regarding the use of funds apply to both requested IMLS funds and to cost share. See 2 C.F.R. §§ 200.1 and 200.306 for more information on cost share.

## Indirect Costs in the Budget

Indirect costs are expenses that are incurred for common or joint objectives and therefore cannot be readily identified with a particular project. Some examples include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting. See 2 C.F.R. part 200 for additional guidance.

### Options for Calculating and Including Indirect Costs in a Project Budget

You can choose to:

- use a rate not to exceed your current indirect cost rate already negotiated with a federal agency;

- use an indirect cost rate proposed to a federal agency for negotiation but not yet finalized, as long as it is finalized by the time of the award;
- use a rate not to exceed 10 percent of Modified Total Direct Costs (MTDC) if the organization currently does not have a federally negotiated indirect cost rate and is not subject to other requirements (e.g., for States and local governments and Indian tribes); or
- not include any indirect costs.

### **Using a Federally Negotiated Indirect Cost Rate**

Federally negotiated indirect cost rates are negotiated agreements between federal agencies and non-federal entities. If your organization already has an existing negotiated indirect cost rate in effect with another federal agency, you may use this rate to calculate total project costs, as long as you apply the rate in accordance with the terms of the negotiated agreement and include a copy of the current negotiated agreement with your grant application. You may also choose to use a rate lower than your current federally negotiated indirect cost rate. We will only accept federally negotiated indirect cost rates that are current by the award date.

### **Using a Proposed Indirect Cost Rate**

If your organization is in the process of negotiating an indirect cost rate with a federal agency, you may use the indirect cost rate that was proposed to the federal agency to estimate total project costs. In such situations, if we issue an award, we will accept the rate only if the negotiations are final by the award date and a copy of the final agreement is submitted to us. IMLS staff will work with you to adjust your budget prior to issuing an award.

### **Using the 10 Percent De Minimis Indirect Cost Rate**

Except for those non-federal entities described in Appendix VII to 2 C.F.R. part 200, you may choose to charge a rate not to exceed 10 percent of Modified Total Direct Costs (MTDC), as long as you do not currently have a federally negotiated indirect cost rate and you meet the applicable requirements. See 2 C.F.R. part 200, including 2 C.F.R. §§ 200.1, 200.414(f), and 200.510(b)(6), for additional guidance.

Modified Total Direct Costs means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward. MTDC excludes several cost categories, including equipment, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. See 2 C.F.R. § 200.1 for additional information.

If you are using the 10 percent indirect cost rate, check the box indicated on the IMLS Budget Form. No additional documentation is required.

### **Applying an Indirect Cost Rate to the Cost Share Portion of a Budget**

You may, if consistent with 2 C.F.R. part 200 (Uniform Guidance), apply your indirect cost rate to your total direct costs covered by cost share, but any costs you claim as cost share must be accounted for in the cost share column on the IMLS Budget Form. IMLS funds can be used for indirect costs, but only for the portion of the total direct costs for which you are requesting IMLS funds (the Grant Funds column). (See, for example, 2 C.F.R. §§ 200.412-414.)

### **Restrictions on Project Costs Included in Indirect Cost Calculations**

If you have a federally negotiated indirect cost rate agreement, you must follow its conditions and requirements.

If you do not have a current negotiated (including provisional) indirect cost rate and meet applicable requirements, you may elect to charge a de minimis rate of 10 percent of the Modified Total Direct Costs (MTDC) in your indirect cost calculations.

If you have a federally negotiated indirect cost rate agreement of less than 10 percent, you must use it rather than the de minimis rate in your indirect cost calculations.

Please see above section on this 10 percent rate as well as 2 C.F.R. § 200.414(f) and § 200.1.

## Student Support Costs in the Budget

### Students are understood to be:

- Students enrolled in a community college, undergraduate, or graduate program of study
- Individuals participating in post-master's or post-doctoral programs that are focused on supporting their careers or professional development
- Library, archive, and museum staff participating in education and training activities focused on their careers or professional development

### Examples of Student Support include:

- Tuition support for students participating in the project
- Salaries or stipends for graduate assistant work, so long as their work is focused on research and teaching activities (therefore contributing to their education)
- Pay and benefits for a resident or fellow to work in a position that is intended to support their learning outcomes or professional development
- Costs for travel and conference registration provided to support a student or participant's learning outcomes or professional development
- Costs of supplies and equipment provided to students to support a student's learning outcomes or professional development

### Activities not considered Student Support include:

- Students employed in roles that are primarily administrative or clerical, doing work that is not primarily focused on their career or professional development. These costs should be listed in the salaries and wages section of the budget, and tuition paid on behalf of these students would not be considered Student Support.

(See 2 C.F.R. § 200.466 (Scholarships and student aid costs); see also 2 C.F.R. § 200.430 (Compensation – personal services).)

## Budget Justification

To write your Budget Justification, follow the format of the IMLS Budget Form's section headings and save it as a PDF. Address both grant funds and cost share.

### 1. Salaries and Wages

Identify each person whose salary or wages will be paid with IMLS funds or by cost share, provide their names, and describe their role in the project. Document the method of cost computation by including the base salary or wages for each person and the percentage of time each person is allocated to the project activities, which may be shown as a percentage of time, number of days, or

number of hours. If cost share is being provided by unpaid volunteers, explain how you arrived at the dollar amount used to represent the value of their services.

If you are requesting IMLS funding for salaries of permanent staff, explain the reason for the request and how the regular duties of these individuals will be performed during the award period of performance.

## **2. Fringe Benefits**

Identify your organization's fringe benefit rate and explain the base for the calculation for each person. If you have consolidated several persons' fringe benefits into a single line on the IMLS Budget Form, break out the detail here.

## **3. Travel**

For each trip, explain the purpose of the trip and specify the points of origin and destination, the name of the traveler, and break out the costs of transportation, lodging, per diem, and any other expenses associated with the travel. Explain how you arrived at these dollar amounts.

**Note:** You must include \$3,000 per year in award funds for travel to attend IMLS-designated meetings.

## **4. Supplies, Materials, and Equipment**

List each type of supply, material, and equipment you propose to purchase or provide as cost share for the project. Detail the number and unit cost for each item, and explain how you arrived at the dollar amounts. Provide vendor quotes or price lists as Supporting Documents with your application.

## **5. Subawards and Contracts**

List the costs of project activities to be undertaken by third parties for the project. (Familiar terms for third parties can include partners, consultants, subgrantees, contractors, collaborators, vendors, and service providers.) Identify each third party by name, describe their role in the project, the activities they will carry out, and the cost. For each entry, designate the third party as either a subrecipient (who receives a subaward) or a contractor (who receives a contract). Explain costs for third parties and provide relevant Supporting Documents with your application. IMLS grant funds may generally not be provided to other U.S. government agencies.

You are responsible for making a case-by-case determination as to whether the agreement you make with a third party should be a subaward or a contract. That determination will depend upon the nature of your relationship with the third party with respect to the activities to be carried out. (See 2 C.F.R. § 200.331 (Subrecipient and contractor determinations).)

## **6. Student Support**

Explain your method for calculating the costs listed in this section. [Click here for a definition and examples of Student Support.](#)

## **7. Other Costs**

Use this section for costs that cannot be assigned to other categories.

## **8. Total Direct Costs**

Indicate the total direct costs, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

## 9. Indirect Costs

If you include indirect costs in your project budget, identify the rate(s) and explain the base(s) on which you are calculating the costs. [Click here for more information about indirect costs.](#)

## 10. Total Project Costs

Indicate the total project costs here, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

## Proof of Private, Nonprofit Status

An organization applying as a private, nonprofit institution must submit a copy of the letter from the Internal Revenue Service indicating its eligibility for nonprofit status under the applicable provision of the Internal Revenue Code of 1954, as amended. (See 2 C.F.R. § 3187.7(b).) IMLS will not accept a letter of state sales tax exemption as proof of nonprofit status.

## Appendix Four – Guidance for Creating a Digital Products Plan

IMLS is committed to expanding public access to digital products that are created using federal funds. The digital products you create with IMLS funding require careful stewardship to protect and enhance their value, and they should be freely and readily available for use and re-use by libraries, archives, museums, and the public. IMLS also recognizes that technology is dynamic and does not want to inhibit innovation by prescribing set standards and practices that could become quickly outdated. Therefore, IMLS asks each applicant proposing to create digital products to prepare and submit a Digital Products Plan describing how they will address specific aspects of creating and managing digital products, employing practices and standards that are most appropriate for their specific project. Like all components of an IMLS application, your plan will be closely scrutinized by IMLS staff and by expert peer reviewers, and it will be important in determining whether your project will be funded. Organize your plan to address the following: Type, Availability, Access, and Sustainability.

IMLS participates in the Federal Agencies Digital Guidelines Initiative (FADGI), a collaborative effort by federal agencies to define common standards, guidelines, methods, and best practices for creating digital collections. The FADGI website includes a growing list of links to relevant standards, recommendations, and other resources. While this list is not exhaustive—nor does IMLS endorse any specific resource—applicants considering digital projects may find the information useful. [Click here to access the FADGI website.](#)

### Type

#### What digital products will you create?

Most projects are likely to generate digital content, resources, or assets. They may be digitized or born-digital products created by individuals, project teams, or through community gatherings. Examples include, but are not limited to, still images, audio files, moving images, microfilm, object inventories, object catalogs, artworks, books, posters, curricula, field books, maps, notebooks, scientific labels, metadata schema, charts, tables, drawings, workflows, teacher resources, and software, including source code, algorithms, applications, and digital tools, plus accompanying documentation.

In your Digital Products Plan, describe the digital content, resources, or assets you will create or collect, the quantities of each type, the digital file format(s), the accompanying metadata, and any relevant standards you will use. If you are developing software, you should also specify the programming languages, platforms, frameworks, software, or other applications you will use to create your software and explain why you chose them.

## Availability

### How will you make your digital products openly available (as appropriate)?

IMLS encourages grant recipients to make works produced with IMLS support widely available, and to share their work products (including publications, datasets, educational resources, software, and digital content) whenever possible through free and open-access journals and repositories. Your project may involve making digital products available through public or access-controlled websites, kiosks, or live or recorded programs. IMLS expects applicants to ensure that publications produced under an award (including but not limited to peer-reviewed manuscripts resulting from research conducted under an award) are made available in a manner that permits the public to access, read, download, and analyze the work without charge.

In your Digital Products Plan, describe how you will make the digital content, resources, assets, software, and metadata available to the public. Include details such as the delivery strategy (e.g., openly available online, available to specified audiences) and underlying hardware/software platforms and infrastructure (e.g., specific digital repository software or leased services, accessibility via standard web browsers, requirements for special software tools to use the content, delivery enabled by IIIF specifications). Identify and explain the reasons for any limitations in your Digital Products Plan.

## Access

### What rights will you assert over your digital products, and what limitations, if any, will you place on their use? Will your products implicate privacy concerns or cultural sensitivities, and if so, how will you address them?

Grant recipients may copyright any work that is subject to copyright and that was developed under an award or for which ownership was purchased. However, IMLS reserves, for Federal Government purposes, a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work.

IMLS expects applicants receiving federal funds for developing or creating digital products to release these files under open-source licenses to maximize access and promote reuse. All work products resulting from IMLS funding should be distributed for free or at cost unless IMLS has provided written approval for another arrangement.

In your Digital Products Plan, identify any licenses under which digital products will be shared (e.g., Creative Commons licenses, RightsStatements.org statements). Describe what intellectual property rights you will assert over your digital products and explain any limitations or conditions you will place on their use. If your products implicate privacy concerns or cultural sensitivities, describe these issues and how you plan to address them.

## Sustainability

### How will you address the sustainability of your digital products?

To the maximum extent possible, the digital products created with IMLS funding should be freely and readily available for use and reuse by libraries, archives, museums, and the public. Some digital products that are generated during a project should be long-lived, requiring permanent

preservation, and others (e.g., preliminary analyses, drafts of papers, plans for future work, peer-review assessments, most social media communications, and communications with colleagues) should be retained and shared in the medium- or short-term.

In your Digital Products Plan, describe your plan for preserving and maintaining digital products during and after the period of performance and identify the appropriate length of time different digital products should be curated. Address storage systems, shared repositories, technical documentation, migration planning, and commitment of organizational funding for these purposes.

**Note:** You may charge the federal award before closeout for the costs of publication or sharing of results if the costs are not incurred during the period of performance of the federal award (see 2 C.F.R. § 200.461).

## Appendix Five – Guidance for Conservation Surveys

The following guidance applies to Collections Stewardship and Access applications requesting support for general conservation surveys, detailed conservation surveys, and environmental surveys.

### General Conservation Survey

A general conservation survey is a broad assessment of all an organization's collections and environmental conditions. Its purpose is to describe conditions, identify conservation problems, and suggest future conservation activities in general terms. For most institutions, it is the logical first step in collections conservation.

The general conservation survey report should include the following:

- an executive summary;
- general information about your museum;
- the goals of the survey;
- an overview of the collections, their condition, and policies governing their care;
- descriptions of the condition of your building, facilities, and all exhibition and storage areas;
- descriptions of climate control and environmental conditions;
- information about staffing, including training needs; and
- recommendations for future conservation care in order of priority (to be used as the basis of a long-range conservation plan).

### Detailed Conservation Survey

A detailed conservation survey is a systematic, item-by-item examination of all or part of a museum's collections by a conservation professional. The end product of a detailed conservation survey should be a set of condition reports that identifies the condition of each object or specimen, its treatment priority, and the cost and method of treatment. A detailed conservation survey should precede any request for a Collections Stewardship and Access grant to fund treatment.

This type of survey can help your museum identify conservation problems specific to a particular collection, object, or specimen, including the need for treatment; establish priorities for treatment; and determine the resources and time necessary to address any issues.

## Environmental Survey

An environmental survey is an assessment of your museum's environmental conditions, including but not limited to temperature, relative humidity, and light. It is conducted by a conservation professional with input from other types of consultants as needed. Funds may be used to survey environmental conditions in exhibition areas, storage areas, and other places where collections are housed.

An environmental survey can help a museum:

- identify specific environmental problems,
- set priorities for making environmental improvements,
- design specific solutions for correcting environmental problems,
- develop a monitoring program to better determine existing environmental conditions, and
- map collections (for living plants).

## Appendix Six – Conflict of Interest Requirements

As a non-federal entity, you must follow IMLS conflict of interest policies for federal awards. You must disclose in writing any potential conflict of interest to an IMLS Program Officer, or to the pass-through entity if you are a subrecipient or contractor. This disclosure must take place immediately whether you are an applicant or have an active IMLS award.

The IMLS conflict of interest policies apply to subawards as well as contracts, and are as follows:

- As a non-federal entity, you must maintain written standards of conduct covering conflicts of interest and governing the performance of your employees engaged in the selection, award, and administration of subawards and contracts.
- None of your employees may participate in the selection, award, or administration of a subaward or contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an organization considered for a subaward or contract. The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or contractors or parties to subawards or contracts.
- If you have a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, you are unable or appear to be unable to be impartial in conducting a subaward or procurement action involving a related organization.
