Native American Library Services
Basic Grants

A. Program Description

A1. Purpose

The mission of the Institute of Museum and Library Services (IMLS) is to advance, support, and empower America’s museums, libraries, and related organizations through grantmaking, research, and policy development. Guiding our grantmaking are three agency-level goals with two objectives each.

- **Goal 1: Champion Lifelong Learning**
  - Objective 1.1: Advance shared knowledge and learning opportunities for all.
  - Objective 1.2: Support the training and professional development of the museum and library workforce.

- **Goal 2: Strengthen Community Engagement**
  - Objective 2.1: Promote inclusive engagement across diverse audiences.
  - Objective 2.2: Support community collaboration and foster civic discourse.

- **Goal 3: Advance Collections Stewardship and Access**
  - Objective 3.1: Support collections care and management.
  - Objective 3.2: Promote access to museum and library collections.

The Native American Library Services Basic Grants program is designed to support the achievement of these agency-level goals and to facilitate the delivery of significant results consistent with its federal authorizing legislation (20 U.S.C. § 9101 et seq.; in particular, § 9161 (Services for Native Americans)). Each award that IMLS makes through the Native American Library Services Basic Grants program will align with one of these agency-level goals and one of its associated objectives and will contribute meaningfully to the achievement of both program and agency-level goals.

*Click here to search awards made through the Native American Library Services Basic Grants program by year, state, city, or keyword.*

Throughout its work, IMLS places importance on diversity, equity, and inclusion. This may be reflected in an IMLS-funded project in a wide range of ways, including efforts to serve individuals of diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; individuals with limited functional literacy or information skills; individuals having difficulty using a library or museum; and underserved urban and rural communities, including children from families with incomes below the poverty line.

This may also be reflected in efforts to recruit future professionals in the library or museum fields (e.g., paid internships), develop strategies for building or enhancing access to collections and information, and compensate project participants (e.g., students, staff, community members, advisors) as appropriate for their time and expertise.
A2. Native American Library Services Basic Grants Goals and Objectives

This program is designed to assist Native American tribes in improving core library services for their communities. Information needs and approaches to meeting them are evolving at an unprecedented pace in all communities, and to operate within this environment effectively for the benefit of their users, libraries must be able to both strengthen existing services and move quickly to adopt new and emerging technologies. Reflecting IMLS’s agency-level goals of championing lifelong learning, strengthening community engagement, and advancing collections stewardship and access, the goals and objectives for this program are:

- **Goal 1:** Improve services for learning and accessing information in a variety of formats to support needs for education, workforce development, economic and business development, health information, critical thinking skills, digital literacy skills, and financial literacy and other types of literacy skills.
  - Objective 1.1: Support the acquisition of library-related materials, supplies, equipment, furnishings, services, and fees for participation in networks and consortia that provide the library with direct services.
  - Objective 1.2: Support the engagement of consultants and/or third-party service providers with expertise in providing library and technology assessments, tutoring, skill-building, and other relevant fields.

- **Goal 2:** Enhance the skills of the current library workforce and leadership through training, continuing education, and opportunities for professional development.
  - Objective 2.1: Support the coverage of expenses related to courses, workshops, and other forms of training for library staff.
  - Objective 2.2: Support the coverage of expenses related to staff participation at professional conferences.

A3. Performance Measurement

The Native American Library Services Basic Grants program uses two performance measures as a basis for understanding (1) how well the grant program is meeting its goals and (2) how individual projects are being managed.

- **Effectiveness:** The extent to which activities contribute to achieving the intended results of the project.
- **Timeliness:** The extent to which each task/activity is completed within the timeframe proposed.

Each applicant is asked to describe how they will monitor and assess their performance in carrying out their project as a whole using these two measures (see Section D2c Item 5).

A4. Authorizing Statute and Regulations

**Statute:** 20 U.S.C. § 9101 et seq.; in particular, § 9161 (Services for Native Americans).

**Regulations:** 45 C.F.R. Chapter XI and 2 C.F.R. Chapter XXXI.

*Recipients must follow the IMLS regulations that are in effect at the time of the award.*

A5. Equal Opportunity

IMLS-funded programs do not discriminate on the basis of race, color, national origin, sex, disability, or age. For further information, email the Civil Rights Officer at CivilRights@imls.gov or write to the Civil Rights Officer, Institute of Museum and Library Services, 955 L’Enfant Plaza North, SW, Suite 4000, Washington, DC, 20024-2135.

*The range for Native American Basic Grants for FY 2022 is $6,000 - $10,000 which may, but is not required to, include up to $3,000 for expenses related to eligible professional development and library service assessment activities. All activities should be represented in the Library Services Plan and the IMLS Budget Form. The funding in the above Federal Award Information table is subject to the availability of funds and IMLS discretion. IMLS is not bound by any estimates in this announcement.
Applications for renewal or supplementation of existing projects are not eligible to compete with applications for new awards.

Contingent upon the availability of funds, the quality of applications, and IMLS discretion, IMLS may make additional awards from the list of unfunded applications from this competition.

C. Eligibility Information

C1. Eligible Applicants

To be eligible for an award under this Native American Library Services Basic Grants Notice of Funding Opportunity, your organization must be a federally recognized Indian tribe. Entities such as libraries, schools, tribal colleges, or departments of education are not eligible, although they may be involved in the administration of this program, and their staff may serve as project directors in partnership with an eligible applicant.

For the purpose of funding under this program, “Indian tribe” means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (43 U.S.C. § 1601 et seq.)), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A list of eligible entities is available from the Bureau of Indian Affairs.

Minimum Requirements of Library Service

To be eligible for this program, your organization must be able to document an existing library that meets, at a minimum, three basic criteria: (1) regularly scheduled hours, (2) staff, and (3) materials available for library users.

Please note that there are also funding restrictions that could affect the eligibility of a project; please consult Section D6 below for details.

C2. Cost Sharing

Cost sharing is not required in this program. Please do not include cost share in your budget.

C3. Other Eligibility Information

Eligible applicants may submit only one application under this announcement. The same population cannot be served by more than one Native American Library Services Basic Grant.

IMLS will not review applications from ineligible applicants. IMLS will notify each applicant whose application will not be reviewed because the organization is determined to be ineligible.

IMLS will not make awards to ineligible applicants. In order to receive an IMLS award, an organization must be eligible and be in compliance with applicable requirements.

All application materials must be received through Grants.gov by the application deadline, 11:59 p.m. U.S. Eastern Time on March 1, 2022. Late, incomplete, or ineligible applications will not be considered for funding under this notice.

The chart below provides sample statements for each measure and a space to record your own. Click here for a fillable version of this chart (DOCX, 29KB) which you are welcome, but not required, to use. Limit your Performance Measurement Plan to one page and save your document as a PDF.

The Performance Measurement Plan may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

6. IMLS Budget Form

Download and complete the current IMLS Budget Form (PDF, 1.7MB). Click here for instructions on completing it.

Make sure that the total budget amount on your IMLS Budget Form matches the total amount in your Library Services Plan and the total amount on your Supplementary Information Form.

(Back to Table of Application Components)
D2d. Conditionally Required Documents

This document may be required, depending on the circumstances. Failure to provide a Conditionally Required Document will result in your application’s being considered incomplete, and it may be rejected from further consideration.

Digital Products Plan

If you are proposing to generate digital content, resources, assets, or software, then you must provide a completed Digital Products Plan. Click here for Guidance for Creating a Digital Products Plan.

If your proposal is selected for funding, the Digital Products Plan may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

(D3. Registration Requirements

Before submitting an application, an applicant organization must have a current and active Dun and Bradstreet Universal Numbering System (D-U-N-S®) Number; a current and active System for Award Management (SAM) registration; and an active Grants.gov registration with an approved Authorized Organization Representative (AOR). Check materials and registrations well in advance of the application deadline to ensure that they are accurate, current, and active.

Organizations must maintain current information in SAM, including information on their immediate and highest-level owner and subsidiaries, as well as on all predecessors that have been awarded a federal contract or federal financial assistance within the last three years, if applicable. IMLS may reject an application if the SAM registration is not active and current at the time of submission. IMLS may determine that an applicant without an active and current SAM registration at the time an award is made is not qualified to receive an award and use that determination as a basis for making an award to another applicant.

D3a. Unique Entity Identifier

The Unique Entity Identifier (UEI) number is a non-proprietary alphanumeric identifier assigned to all entities (public and private companies, individuals, institutions, or organizations) who register to do business with the Federal Government. The D-U-N-S® number will eventually be phased out as the official identifier for doing business with the Federal Government. The UEI is replacing the D-U-N-S® Number and is requested in, and assigned by, the System for Award Management (SAM). Award recipients must inform any subrecipients that the recipient may not make a subaward unless the subrecipient has also obtained a UEI. Click here to learn more about planned UEI updates.

D3b. System for Award Management (SAM)

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. There is no fee to register with SAM. Click here to learn more about SAM registration.

OMB Control #: 3137-0093, Expiration Date 02/29/2024
D3c. **Grants.gov**

Grants.gov is the centralized location for grant seekers to find and apply for federal funding opportunities.

Applicants must register with Grants.gov prior to submitting an application package. The multistep registration process generally cannot be completed in a single day. If your organization is not already registered, allow several weeks before the application deadline to complete this one-time process. **Do not wait until the day of the application deadline to register.**

The Grants.gov user ID and password obtained during the registration process are required to submit an application when it is complete.

[Click here to learn more about Grants.gov registration and tips for using Grants.gov.]

D4. **Submission Dates and Times**

All organizations must submit their applications for funding using Grants.gov Workspace. Do not submit through email or postal mail to IMLS.

For the Native American Library Services Basic Grants program, Grants.gov will accept applications through 11:59 p.m. U.S. Eastern Time on March 1, 2022.

Under certain circumstances, IMLS allows an extension of grant application deadlines for adversely affected applicant organizations that are located in counties listed in Emergency Declarations and/or Major Disaster Declarations. See Application Deadlines for further information.

IMLS strongly recommends that applicants obtain a D-U-N-S® number, register with SAM and Grants.gov, and complete and submit the application early (see Section D3a). IMLS makes grants only to eligible applicants that submit complete applications, including attachments, through Grants.gov, on or before the deadline, as indicated by the date stamp generated by Grants.gov.

Visit Grants.gov Support, email support@grants.gov, or call Grants.gov Applicant Support at 1-800-518-4726 for technical assistance. Grants.gov Applicant Support is available 24 hours a day, seven days a week, except for federal holidays.

Grants.gov will generate a series of emails confirming the status of your application. Applicants can check the status of their application(s) in Grants.gov by using “Track My Application.” For further details, visit Check Application Status at Grants.gov.

D5. **Intergovernmental Review**

This funding opportunity is not subject to intergovernmental review per Exec. Order No. 12372.

D6. **Funding Restrictions**

Applicants may use IMLS funds only for allowable costs as found in IMLS and OMB government-wide cost principle rules. Please consult 2 C.F.R. part 200 and 2 C.F.R. part 3187 for additional guidance on allowable costs.

The following list includes some examples of generally allowable costs under this announcement:

- salaries, wages, and fringe benefits for library personnel and/or for temporary staff when regular staff are attending courses, workshops, or training
- travel expenses for consultants

OMB Control #: 3137-0093, Expiration Date 02/29/2024
• travel expenses for staff to attend library-related continuing education courses and training workshops; to attend or give presentations at conferences
• training, workshop, and/or conference registration fees
• supplies, materials, software, and equipment related directly to library services (e.g., books, journals, magazine subscriptions, electronic resources, library supplies, library automation software, library furnishings, computers, wi-fi devices)
• adaptive and/or assistive technologies and other resources and services to improve accessibility for persons with disabilities
• contract services (e.g., public program presenters, after-school tutoring services, library-related consultants, technology consultants, consultants with digitization expertise)
• program evaluation
• after-school tutoring services
• internet access
• fees for participation in networks and consortia that provide the library with direct services

Applicants must explain all proposed expenses in the Budget Summary section of the Library Services Plan.

The following list includes some examples of unallowable costs under this announcement:

• general fundraising costs, such as development office staff or other staff time devoted to general fundraising
• contributions to endowments
• social activities, ceremonies, receptions, or entertainment, including food, gifts, and promotional items
• construction or renovation of facilities (generally, any activity involving the construction trades is not an allowable cost)
• indirect costs

*If you have questions about whether specific activities are allowable, contact IMLS staff for guidance.*

**D6a. Costs for Third Parties**

When a project requires the payment of federal funds to third parties (such as partners, consultants, collaborators, vendors, and/or service providers), it is the applicant organization’s responsibility to determine whether a third party should be characterized as a subrecipient or a contractor. The characterization must be reflected in the terms of each agreement made with each third party. (See 2 C.F.R. § 200.1 for definitions of contract, contractor, subaward, and subrecipient; see also 2 C.F.R. § 200.331 (Subrecipient and contractor determinations).) IMLS grant funds may not be provided to any federal agency serving as a third party.

**D6b. Indirect Costs**

Indirect costs are not allowed in this grant program.
E. Application Review Information

E1. Review Criteria
Basic Grants under this program are non-competitive awards available to eligible applicants who submit complete applications with Library Service Plans that align with program goals and objectives (see Section A2).

E1a. Is cost sharing considered in the review process?
Cost sharing is not considered in the review of applications.

E2. Review and Selection Process
Basic Grants are non-competitive awards available to eligible applicants to support existing library operations and to maintain core library services. IMLS makes awards to eligible applicants that submit complete applications, including attachments, through Grants.gov, on or before the deadline. The Director makes final funding decisions consistent with the purposes of the agency’s mission and programs.

E3. Designated Integrity and Performance System
IMLS, prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold (currently $250,000 but periodically adjusted), is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. § 2313 and 41 U.S.C. § 134).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a federal awarding agency previously entered.

IMLS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in considering the applicant’s integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.206 (Federal awarding agency review of risk posed by applicants).

E4. Anticipated Announcement and Award Dates
IMLS will not release information about the status of an application until the applications have been processed and all deliberations are concluded. IMLS expects to notify both successful and unsuccessful applicants of the final decisions by July 2022.

F. Award Administration Information

F1. Federal Award Notices
IMLS will notify both successful and unsuccessful applicants of funding decisions by email.

F2. Administrative and National Policy Requirements
Organizations that receive IMLS grants or cooperative agreements are subject to 2 C.F.R. part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2
C.F.R. part 3187, the IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards (PDF, 459KB), and the IMLS Assurances and Certifications. Organizations that receive IMLS funding must be familiar with these requirements and comply with applicable law.

Applicants for federal funds must certify that they are responsible for complying with certain nondiscrimination, debarment and suspension, drug-free workplace, and lobbying laws. These are set out in more detail, along with other requirements, in the IMLS Assurances and Certifications. By submitting the application, which includes the Assurances and Certifications, applicants certify that they are in compliance with these requirements and that they will maintain records and submit any reports that are necessary to ensure compliance. Failure to comply with these statutory and regulatory requirements may result in the suspension or termination of an award and require that the recipient return funds to the government. For information about award termination, please see the IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards and 2 C.F.R. § 200.340.

F3. Reporting

Grantees must comply with the following reporting requirements.

Financial and performance reports are due according to the reporting schedule that is part of your official award notification. Grantees must submit reports electronically using the IMLS electronic grants management system. In support of the agency’s commitment to open government, performance reports may be made accessible on the IMLS website to engage the public in communities of practice and to inform application development and grant-making strategies. For details and forms, please see Manage Your Award: Grant Administration.

Grantees must also comply with 2 C.F.R. §§ 180.335 and 180.350 and 2 C.F.R. part 3185 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

If the federal share of your award is more than $500,000 over the period of performance, recipients should refer to the post-award reporting requirements reflected in 2 C.F.R. part 200, Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters.

H8. Application Completion Time
Complete applications include the elements listed in the Table of Application Components in Section D2a. IMLS estimates the average amount of time needed for one applicant to complete the narrative
portion of this application to be 3 hours. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and writing and reviewing the answers.

IMLS estimates that it will take an average of 15 minutes per response for the IMLS Supplementary Information Form and the IMLS Library – Discretionary Program Information Form and three hours per response for the IMLS Budget Form.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Institute of Museum and Library Services at 955 L’Enfant Plaza North, SW, Suite 4000, Washington, DC, 20024-2135, and to the Office of Management and Budget, Paperwork Reduction Project (3137-0093), Washington, DC 20503.

OMB Control #: 3137-0093, Expiration date: 02/29/2024

Appendix One – IMLS Assurances and Certifications

As a federal agency, IMLS is required to obtain from all applicants certifications, including those regarding Nondiscrimination, Debarment and Suspension, Federal Debt Status, and Drug-Free Workplace. Applicants requesting more than $100,000 in grant funds must also certify regarding lobbying activities and may be required to submit a “Disclosure of Lobbying Activities” form (Standard Form LLL). Some applicants will be required to certify that they will comply with other federal statutes that pertain to their particular situation. These requirements are incorporated in the Assurances Statement below. The authorized representative must review the statement and provide the certification in item 9 on the SF-424S.

Assurances Statement

By submitting the application, the authorized representative, on behalf of the applicant, assures and certifies that, should a federal award be made, the applicant will comply with the statutes outlined below and all related IMLS regulations (for example, see 2 C.F.R. Chapter XXXI and 45 C.F.R. Chapter XI). These assurances are given in connection with any and all financial assistance from IMLS after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the United States Government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized representative whose signature appears on the application form.

Order No. 13166, the applicant must take reasonable steps to ensure that limited English proficient (LEP) persons have meaningful access to the applicant’s programs (see IMLS guidance at 68 Federal Register 17679, April 10, 2003));

2. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 701 et seq., including § 794), which prohibits discrimination on the basis of disability (note: IMLS applies the regulations in 45 C.F.R. part 1170 in determining compliance with Section 504 as it applies to recipients of federal assistance);

3. Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§ 1681–1683, §§ 1685–1686), which prohibits discrimination on the basis of sex in education programs;

Appendix Two—Guidance for Required Registrations

Working with D-U-N-S® Numbers and Unique Entity Identifiers

Until recently, all non-federal entities were required to obtain a Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) Number in order to apply for, receive, and report on federal awards. The Unique Entity Identifier (UEI) is replacing the D-U-N-S® Number and will be requested in, and assigned by, the System for Award Management (SAM). Applicants with active SAM registrations can find their assigned UEI in their SAM records. Applicants without an active SAM registration will need a D-U-N-S® Number to register in SAM.
Visit https://www.dnb.com/duns-number.html or call 1-866-705-5711 to look up, request, or update the information associated with an organization’s D-U-N-S® Number. D-U-N-S® Numbers are free and can be created in one or two business days.

For more information about the transition from D-U-N-S® to UEI, visit gsa.gov/entityid.

**Registering with SAM**

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients and is free to all users. Applicants must be registered with SAM before registering with Grants.gov. Click here to learn how to check on an organization’s registration status in SAM.

Representatives of organizations that must register with SAM for the first time must begin by creating a SAM user account through login.gov. Click here to access instructions and FAQs. Then proceed to the registration process.

IMLS recommends that applicants allow several weeks to complete the SAM registration and to secure a CAGE Code.

Applicants and recipients must renew their registrations in SAM at least every 12 months—and sooner if their information changes. An expired registration will prevent an organization from submitting applications via Grants.gov and receiving awards or payments. Grant payments will be made to the bank account that is associated with the organization’s SAM registration.

**Registering with Grants.gov**

Grants.gov is a website owned and operated by the Federal Government and is free to all users. Applicants must register with Grants.gov before submitting an application to IMLS. Click here to learn more about the multistep registration process. Applicants should make sure that the information associated with their D-U-N-S® Numbers is accurate and that the SAM registration is current and active. Allow several weeks to complete the Grants.gov registration.

After an organization registers with Grants.gov and creates an Organizational Applicant Profile, the request for the organization’s Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log into Grants.gov and assign the appropriate roles to individuals within the organization. This will include the Authorized Organization Representative (AOR) which will give permission to complete and submit applications on behalf of the organization. Click here for more detailed instructions for creating a profile on Grants.gov.

Designating more than one Authorized Organization Representative (AOR) when registering in Grants.gov will help avoid last-minute crises in the event that a single AOR is unavailable when the organization is ready to submit the application. It is also important to update the contact information and password in Grants.gov whenever an AOR changes.

Visit Grants.gov Support, email support@grants.gov, or call Grants.gov Applicant Support at 1-800-518-4726 for technical assistance. Grants.gov Applicant Support is available 24 hours a day, seven days a week, except for federal holidays. Click here for Grants.gov Applicant FAQs with links to additional applicant resources.

**Working with Grants.gov Workspace**

Grants.gov applicants apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different forms within an
application. For each funding opportunity, applicants can create individual copies of a workspace to complete an application. Click here for an overview of Grants.gov Workspace with links to interactive graphics, videos, and Help Articles.

These items are automatically populated by Grants.gov.

Item 5. Applicant Information

a. **Legal Name:** Enter your organization’s legal name as it appears in your SAM registration. This is the organization with the authority to apply directly for funding in this program. If you have an organizational unit that will be carrying out the project, be sure that it is specified as the organizational unit on the IMLS Supplementary Information Form.

b. **Address:** Enter your legal applicant’s address as it appears in your SAM registration.

c. **Web Address:** Enter your web address.

d. **Type of Applicant:** Select the code that best characterizes your organization from the menu in the first dropdown box. Leave the other boxes blank.

f. **Organizational UEI:** Enter your organization’s Unique Entity Identifier (UEI). If your organization’s SAM registration is active, you can find your assigned UEI in your SAM record. If you cannot locate your UEI, contact the Federal Service Desk at www.fsd.gov or 1-866-606-8220.

g. **Congressional District:** Enter your organization’s congressional district. Use the following format: two-letter state abbreviation, followed by a hyphen, followed by a zero, followed by the two-digit district number. For example, if the organization is located in the 5th Congressional District of California, enter “CA-005.” For the 12th Congressional District of North Carolina, enter “NC-012.” For states and territories with “At Large” Congressional Districts—that is, one representative or delegate represents the entire state or territory—use “001,” e.g., “VT-001.”

If your organization does not have a congressional district (e.g., it is located in a U.S. territory that does not have districts), enter “00-000.” To determine your organization’s district, click here to visit the House of Representatives website and use the “Find Your Representative” tool.
Item 6. Project Information
   a. **Project Title**: Enter a brief descriptive title for your project. IMLS may use this title for public information purposes.
   b. **Project Description**: Enter a brief description (about 120 words) of your project. Tell us what your project will do, for whom or what, and with what expected outcomes. Use clear language that can be understood by readers who might not be familiar with the discipline or subject area.
   c. **Proposed Project Start Date/End Date**: Enter the start date and end date of the proposed period of performance in the format mm/dd/yyyy. The project period begins on the first day of the month in which project activities start and ends on the last day of the month in which these activities are completed. Refer to Section B of this Notice of Funding Opportunity to determine when your project can begin.

Item 7. Project Director
The Project Director is the person who will have primary responsibility for carrying out your project’s activities. Enter the requested information for this individual here.

IMLS requires that the Project Director be a different person than the Authorized Representative.

Item 8. Primary Contact/Grants Administrator
The Primary Contact/Grants Administrator is the person who has primary responsibility for administering the award. Enter the requested information for this individual here. If the Primary Contact/Grants Administrator is the same as the Authorized Representative, please still complete both Items 8 and 9.

In some organizations this individual may be the same as the Project Director. If this is the case, check the box and skip to Item 9.

Item 9. Authorized Representative
The Authorized Representative is the person who has the authority to legally bind your organization. Enter the requested information for this individual here. **The Authorized Representative cannot be the same person as the Project Director.** By checking the "I Agree" box at the top of Item 9, this individual certifies the applicant’s compliance with the IMLS Assurances and Certifications and any other relevant federal requirements.

The “Signature of Authorized Representative” and “Date Signed” boxes will be automatically populated by Grants.gov upon submission of the application. This will be the person whose name was listed as your organization’s authorized representative when you registered with Grants.gov. Please note that this name might not be the same as the name and other information you entered in Item 9 above; however, the person whose name appears in the “Signature of Authorized Representative” box must have authorization from your organization to submit this application on behalf of your organization.

Submission of the electronic application acknowledges that your organization certifies compliance with relevant federal requirements, including but not limited to the IMLS Assurances and Certifications, to the same extent as the signature does on a paper application.

Budget Summary

The Budget Summary should be included in the Library Service Plan and follow the format of the IMLS Budget Form’s section headings.

A maximum of $3,000 may be allotted for professional development or library service assessment activities. If you do not request funding for these activities, you may still request an award of $6,000 - $10,000.

1. Salaries and Wages

Identify each person whose salary or wages will be paid with IMLS funds, provide their names, describe their role in the project, the percent of time to be devoted to the project, and their rate of pay.

If you are requesting IMLS funding for salaries of permanent staff, explain the reason for the request and how the regular duties of these individuals will be performed during the award period of performance.
2. Fringe Benefits
Identify your organization’s fringe benefit rate and explain the base for the calculation for each person. If you have consolidated several persons’ fringe benefits into a single line on the IMLS Budget Form, break out the detail here.

3. Travel
For each trip, explain the purpose of the trip and specify the points of origin and destination, the name of the traveler, and break out the costs of transportation, lodging, per diem, and any other expenses associated with the travel. Explain how you arrived at the dollar amount.

4. Supplies, Materials, and Equipment

5. Subawards and Contracts
List the costs of project activities to be undertaken by third parties for the project. (Familiar terms for third parties can include partners, consultants, collaborators, vendors, or service providers.) Identify each third party by name, describe their role in the project, the activities they will carry out, and the cost. IMLS grant funds may generally not be provided to other U.S. government agencies.

You are responsible for making a case-by-case determination as to whether the agreement you make with a third party should be a subaward or a contract. That determination will depend upon the nature of your relationship with the third party with respect to the activities to be carried out. (See 2 C.F.R. § 200.331 (Subrecipient and contractor determinations).)

6. Student Support
Explain your method for calculating the costs listed in this section. Click here for a definition and examples of Student Support.

7. Other Costs
Use this section for costs that cannot be assigned to other categories.

8. Total Direct Costs
Indicate the total direct costs, and specify how much you are asking from.

9. Indirect Costs
Indirect costs are not allowed in this program. Please do not include indirect costs in your budget.

10. Total Project Costs
Indicate the total project costs here, and specify how much you are asking from IMLS.

Appendix Four—Guidance for Creating a Digital Products Plan
IMLS is committed to expanding public access to digital products that are created using federal funds. The digital products you create with IMLS funding require careful stewardship to protect and enhance their value, and they should be freely and readily available for use and re-use by libraries, archives, museums, and the public. IMLS also recognizes that technology is dynamic and does not

want to inhibit innovation by prescribing set standards and practices that could become quickly outdated. Therefore, IMLS asks each applicant proposing to create digital products to prepare and submit a Digital Products Plan describing how they will address specific aspects of creating and managing digital products, employing practices and standards that are most appropriate for their specific project. Like all components of an IMLS application, your plan will be closely scrutinized by IMLS staff and by expert peer reviewers, and it will be important in determining whether your project will be funded. Organize your plan to address the following: Type, Availability, Access, and Sustainability.

IMLS participates in the Federal Agencies Digital Guidelines Initiative (FADGI), a collaborative effort by federal agencies to define common standards, guidelines, methods, and best practices for creating digital collections. The FADGI website includes a growing list of links to relevant standards, recommendations, and other resources. While this list is not exhaustive—nor does IMLS endorse any specific resource—applicants considering digital projects may find the information useful. [Click here to access the FADGI website.]

**Type**

**What digital products will you create?**

Most projects are likely to generate digital content, resources, or assets. They may be digitized or born-digital products created by individuals, project teams, or through community gatherings. Examples include, but are not limited to, still images, audio files, moving images, microfilm, object inventories, object catalogs, artworks, books, posters, curricula, field books, maps, notebooks, scientific labels, metadata schema, charts, tables, drawings, workflows, teacher resources, and software, including source code, algorithms, applications, and digital tools, plus accompanying documentation.

In your Digital Products Plan, describe the digital content, resources, or assets you will create or collect, the quantities of each type, the digital file format(s), the accompanying metadata, and any relevant standards you will use. If you are developing software, you should also specify the programming languages, platforms, frameworks, software, or other applications you will use to create your software and explain why you chose them.

**Availability**

**How will you make your digital products openly available (as appropriate)?**

IMLS encourages grant recipients to make works produced with IMLS support widely available, and to share their work products (including publications, datasets, educational resources, software, and digital content) whenever possible through free and open-access journals and repositories. Your project may involve making digital products available through public or access-controlled websites, kiosks, or live or recorded programs. IMLS expects applicants to ensure that publications produced under an award (including but not limited to peer-reviewed manuscripts resulting from research conducted under an award) are made available in a manner that permits the public to access, read, download, and analyze the work without charge.

In your Digital Products Plan, describe how you will make the digital content, resources, assets, software, and metadata available to the public. Include details such as the delivery strategy (e.g., openly available online, available to specified audiences) and underlying hardware/software platforms and infrastructure (e.g., specific digital repository software or leased services, accessibility via standard web browsers, requirements for special software tools to use the
content, delivery enabled by IIIF specifications). Identify and explain the reasons for any limitations in your Digital Products Plan.

**Access**

What rights will you assert over your digital products, and what limitations, if any, will you place on their use? Will your products implicate privacy concerns or cultural sensitivities, and if so, how will you address them?

Grant recipients may copyright any work that is subject to copyright and that was developed under an award or for which ownership was purchased. However, IMLS reserves, for Federal Government purposes, a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work.

IMLS expects applicants receiving federal funds for developing or creating digital products to release these files under open-source licenses to maximize access and promote reuse. All work products resulting from IMLS funding should be distributed for free or at cost unless IMLS has provided written approval for another arrangement.

In your Digital Products Plan, identify any licenses under which digital products will be shared (e.g., Creative Commons licenses, RightsStatements.org statements). Describe what intellectual property rights you will assert over your digital products and explain any limitations or conditions you will place on their use. If your products implicate privacy concerns or cultural sensitivities, describe these issues and how you plan to address them.

**Sustainability**

How will you address the sustainability of your digital products?

To the maximum extent possible, the digital products created with IMLS funding should be freely and readily available for use and reuse by libraries, archives, museums, and the public. Some digital products that are generated during a project should be long-lived, requiring permanent preservation, and others (e.g., preliminary analyses, drafts of papers, plans for future work, peer-review assessments, most social media communications, and communications with colleagues) should be retained and shared in the medium- or short-term.

In your Digital Products Plan, describe your plan for preserving and maintaining digital products during and after the period of performance and identify the appropriate length of time different digital products should be curated. Address storage systems, shared repositories, technical documentation, migration planning, and commitment of organizational funding for these purposes.

**Note:** You may charge the federal award before closeout for the costs of publication or sharing of results if the costs are not incurred during the period of performance of the federal award (see 2 C.F.R. § 200.461).

**Appendix Five—Conflict of Interest Requirements**

As a non-federal entity, you must follow IMLS conflict of interest policies for federal awards. You must disclose in writing any potential conflict of interest to an IMLS Program Officer, or to the pass-through entity if you are a subrecipient or contractor. This disclosure must take place immediately whether you are an applicant or have an active IMLS award.

The IMLS conflict of interest policies apply to subawards as well as contracts, and are as follows:
• As a non-federal entity, you must maintain written standards of conduct covering conflicts of interest and governing the performance of your employees engaged in the selection, award, and administration of subawards and contracts.

• None of your employees may participate in the selection, award, or administration of a subaward or contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an organization considered for a subaward or contract. The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or contractors or parties to subawards or contracts.

• If you have a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, you are unable or appear to be unable to be impartial in conducting a subaward or procurement action involving a related organization.
