

lstac -- LSTA Coordinators

About lstac

This list is by and for LSTA Coordinators to share information on practical aspects of administering LSTA grants, such as questions about reports, subawards, allowable costs, etc. Larger questions of availability of federal funds or policy should be directed to other venues, such as your program officer. The IMLS is not responsible for the content of this list.

Using lstac

To post a message to all the list members, send email to: lstac@njstatelib.org
