

# Federal Grant Management Systems

Sandra Webb, Director

Office of Grants Management and Policy

## Who is OGPM?

- Oversees IMLS grant policy
- Handles all the financial aspects of the awards
  - obligation, payment, closeout
- Engages with the Program Offices to design and implement the funding opportunities
- Contact information at the end

## Federal Grant Making

- Twenty-six Federal agencies provide grants to fulfill a public service purpose
- All use some form of a grants management system tied to their grant lifecycle
- The link between them is Grants.gov
- New IMLS System-eGMS

# Grants.gov

- Background on Grants.gov

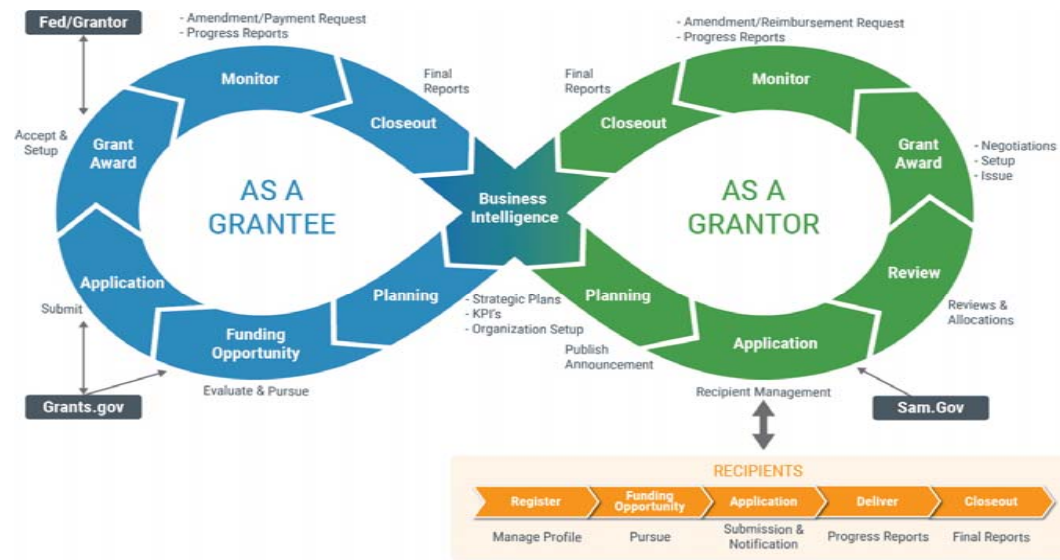

- Established in 2002, managed by HHS as an e-government initiative
- Central federal government repository for 1000 different grant programs offering \$500 billion annually; usage is required
- Used to be a list of funding opportunities, now an electronic workspace for grant application submissions

- Linked to other federal grants reporting systems

- USA Spending
- SAM.gov
- Reg.gov

# Federal Grants Management Systems Overview

## eGMS

- Overview of eGMS modules – to manage different parts of the grant life cycle
  - Peer Review Process
  - Institutional records
  - Grant Program records
  - Grantee Application records
  - Grant record management
  - People records and communication (REACH)

## Benefits of eGMS

- Established technical solution
- Who else is using eGMS?
  - National Endowment for the Humanities (NEH)
  - National Endowment for the Arts (NEA)
  - National Trust for Historic Preservation

## Additional eGMS Benefits

- Direct input of grant application information from Grants.gov to eGMS
- Central repository for all forms and communication between grantees and IMLS
- Management of the peer review process for discretionary grant programs

## FAQ

- What's in it for me?
- Will we still use the SPR?
- When will eGMS begin?
- What does the [GREAT Act](#) mean for us?
- Will I need a username/password?
