A. Program Description

A1. What is this grant program?

Native American Enhancement grants are competitive grants available to carry out activities, described in 20 U.S.C. 9141, that advance the programs and services of eligible Native American libraries.

A2. What are indicators of successful projects?

Successful Native American Enhancement grant projects should result in measurable changes and outcomes, such as increased understanding, interest, and confidence among participants. Successful Native American Enhancement grant projects support the activities described in 20 U.S.C. 9141, for example:

- support for individuals' needs for education, lifelong learning, workforce development, and digital literacy skills;
- improvement of the quality of and access to library and information services; and
- enhancement of the skills of the current library workforce and leadership.

Successful Native American Enhancement grant projects will align with one of three project categories: Preservation and Revitalization; Educational Programming; or Digital Services.

(See [Section A4](#) below for more information about categories).

A3. What are the IMLS Agency-Level Goals?

The mission of the Institute of Museum and Library Services (IMLS) is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. We provide leadership through research, policy development, and grant making.

U.S. museums and libraries are at the forefront in the movement to inform and empower individuals and communities. As stewards of cultural and natural heritage with rich, authentic content, libraries and museums provide learning experiences for everyone. In FY2018-2022, each award under this initiative will support one of the following three goals and an associated objective from the [IMLS Strategic Plan, Transforming Communities](#):

- **Promote Lifelong Learning:** IMLS supports learning and literacy for people of all ages through museums and libraries.
 - Early, digital, information, health, financial, media, civic, and other literacies
 - Cross-disciplinary and inquiry-based learning methods
 - Continuous learning for families and individuals with diverse backgrounds and needs
 - Distinctive role of museums and libraries as trusted sources of information
- **Build Capacity:** IMLS strengthens the capacity of museums and libraries to improve the well-being of their communities.
 - Recruitment, training, and development of library and museum workforces
 - Sharing and adoption of best practices and innovations
 - Identification of trends to help organizations make informed decisions
 - Serve as trusted spaces for community engagement and dialog

- **Increase Public Access:** IMLS makes strategic investments that increase access to information, ideas, and networks through libraries and museums.
 - Support for stewardship of museum and library collections
 - Tools, technology, and training enabling discovery and use of collections and resources by all
 - Policies and partnerships to address access barriers to collections, programs, and information
 - Increased access to knowledge through effective communications

The goals focus on achieving positive public outcomes for communities and individuals; supporting the unique role of museums and libraries in preserving and providing access to collections and content; and promoting library, museum, and information service policies that ensure access to information for all Americans.

IMLS places importance on diversity and inclusion. This may be reflected in a project in a wide range of ways, including efforts to serve individuals of diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; individuals with limited functional literacy or information skills; individuals having difficulty using a library or museum; and underserved urban and rural communities, including children from families with incomes below the poverty line. This may also be reflected in efforts to recruit future professionals in the library or museum fields as well as strategies in building or enhancing access to collections and information.

A4. What are the project categories?

Native American Enhancement grant awards are up to \$150,000, subject to the availability of funds and IMLS discretion. As noted in [Section A2](#), Native American Enhancement grant projects should support the activities described in 20 U.S.C. 9141 and successful proposals will align with one of three project categories:

Preservation and Revitalization

Preservation and Revitalization projects focus on the preservation and revitalization of Native American language and culture through use of efficient and effective strategies and incorporation of strategic partnerships. Activities include preservation of content of unique and specific value to the community, following established best practices and standards.

Educational Programming

Educational Programming projects include programs for library patrons and community-based users related to a specific topic or content area through development, implementation and evaluation of classes, events, tools, resources, and/or other services. Emphasis should be placed on the needs of learners and appropriate teaching and facilitation approaches and curriculum development.

Digital Services

Digital Services projects feature activities dedicated to the establishment and refinement of digital services and programs related to infrastructure, platforms, and technology, in general. Proposals for

digitization projects should include plans for preservation of and access to the resulting digital objects and/or implementing digital library tools to provide services to Native American communities.

You should state your selected project category in both your proposal abstract and narrative.

Projects that primarily consist of research (as defined in 2 C.F.R. §200.87) are not supported in this grant program.

A5. Where can I find additional examples of projects funded by this program?

[Click here to search awarded grants by program, category, and/or key word.](#)

A6. Where can I find the authorizing statute and regulations for this funding opportunity?

Statute: 20 U.S.C. § 9101 et seq.; in particular, § 9161 (Services for Native Americans) (see also § 9141).

Regulations: 45 C.F.R. ch. XI and 2 C.F.R. ch. XXXI.

Note: You are required to follow the IMLS regulations that are in effect at the time of the award.

Note: The Office of Management and Budget (OMB) guidance on Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) can be found at 2 C.F.R. pt. 200. With certain IMLS-specific additions, IMLS regulations at 2 C.F.R. pt. 3187 formally adopt the 2 C.F.R. pt. 200 Uniform Guidance.

C. Eligibility Information

C1. What are the eligibility requirements for this program?

Indian tribes are eligible to apply for funding under the Native American Library Services Enhancement Grant program. Entities such as libraries, schools, tribal colleges, or departments of education are not eligible applicants, although they may be involved in the administration of this program and their staff may serve as project directors in partnership with an eligible applicant.

For purposes of funding under this program, "Indian tribe" means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)), which is recognized by the Secretary of the Interior as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

What are the minimum requirements of library service?

To be eligible for this program you must be able to document an existing library that meets, at a minimum, three basic criteria: (1) regularly scheduled hours, (2) staff, and (3) materials available for library users.

You are required to have submitted a FY 2020 Native American Library Services Basic Grant application to be eligible to apply for a FY 2020 Enhancement Grant. Failure to submit a FY 2020 Basic grant application in FY 2020 will result in the rejection of your FY2020 Enhancement Grant application.

Please note that there are also funding restrictions that could affect the eligibility of a project; please consult [Section D6](#) below for details.

C2. What are the cost-sharing requirements for this program?

Cost sharing is not required for this program. [Click here for further information on cost sharing.](#)

C3. Other Information

C3a. How many applications can we submit under this announcement?

An applicant organization may submit only one Native American Enhancement grant per fiscal year under this announcement. The same population cannot be served by more than one Enhancement

grant.

A grantee with an active Native American Enhancement grant may not apply for another Native American Enhancement grant that would have an overlapping period of performance with the active grant.

C3b. What if our organization fails to meet an eligibility criterion by the time of the application deadline?

IMLS will not review applications from ineligible applicants. We will notify you if your application will not be reviewed because your organization is determined to be ineligible.

C3c. What if our organization fails to meet an eligibility criterion at the time of award?

IMLS will not make awards to ineligible applicants. In order to receive an IMLS award, your organization must be eligible, be in compliance with applicable requirements, and be in good standing on all active IMLS awards.

[Click here to learn more about SAM.gov registration.](#)

D3c. What is Grants.gov and how do we register?

Grants.gov is the centralized location for grant seekers to find and apply for Federal funding opportunities.

You must register with Grants.gov prior to submitting your application package. The multi-step registration process generally cannot be completed in a single day. If you are not already registered, you should allow several weeks before the grant program deadline to complete this one-time process.

Do not wait until the day of the application deadline to register.

You will need your Grants.gov user ID and password that you obtain during the registration process to submit your application when it is complete.

[Click here to learn more about Grants.gov registration and tips for using Grants.gov.](#)

D4. When and how must we submit our application?

You must submit your application through Grants.gov. Do not submit through email to IMLS.

For the Native American Enhancement Grant Program, Grants.gov will accept applications through 11:59 p.m. U.S. Eastern Time on May 1, 2020.

We strongly recommend that you obtain a D-U-N-S® number, register with SAM.gov and Grants.gov,

and complete and submit the application early. We make grants only to eligible applicants that submit complete applications, including attachments, through Grants.gov, on or before the deadline, as indicated by the date stamp generated by Grants.gov.

[Contact Grants.gov](mailto:support@grants.gov) at support@grants.gov or call their help line at 1-800-518-4726 for technical assistance. The help line is available 24 hours a day, seven days a week, except for federal holidays.

D4a. What happens after we submit our application through Grants.gov?

Grants.gov will generate a series of emails. You can check the status of your application(s) in Grants.gov by using the "Track My Application" feature. For further details, please consult Grants.gov.

D5. Is there an intergovernmental review?

No. This funding opportunity is not subject to intergovernmental review per Exec. Order No. 12372.

D6. Are there funding restrictions?

You may only use IMLS funds, and your cost sharing, for allowable costs as found in IMLS and OMB government-wide cost-principle rules. Please consult 2 C.F.R. pt. 200 and 2 C.F.R. pt. 3187 for additional guidance on allowable costs.

The following list includes some examples of generally allowable costs, both for IMLS funds and for cost share (if applicable), under this announcement:

- personnel salaries, wages, and fringe benefits
- travel expenses for key project staff and consultants
- materials, supplies, software, and equipment related directly to project activities
- equipment to improve collections storage and exhibit environments
- third-party costs
- publication design and printing
- staff and volunteer training
- internships/fellowships
- indirect or overhead costs

You must explain all proposed expenses in your Budget Justification.

The following list includes some examples of unallowable costs, both for IMLS funds and for cost share (if applicable), under this announcement:

- general fundraising costs, such as development office staff or other staff time devoted to general fundraising
- contributions to endowments
- general operating support
- acquisition of collections (see 2 C.F.R. §3187.15(b))

- general advertising or public relations costs designed solely for promotional activities other than those related to the specific project
- construction or renovation of facilities (generally, any activity involving the construction trades is not an allowable cost)
- social activities, ceremonies, receptions, or entertainment
- research projects (see 2 C.F.R. § 200.87)
- pre-award costs

Note: If you have questions about whether specific activities are allowable, call IMLS staff for guidance.

D6a. How do we include costs for third parties?

Your project may require you to provide federal funds to third parties (such as partners, consultants, collaborators, subgrantees, subawardees, vendors, and/or service providers). It is your responsibility to determine whether a third party should be characterized as a subrecipient or a contractor. The characterization must be reflected in the terms of each agreement you make with each third party.

(See 2 C.F.R. § 200.330 (Subrecipient and contractor determinations).) IMLS grant funds may not be provided to any federal agency serving as a third party.

D6b. What are our options for including indirect costs in our budget?

You can choose to:

- use a rate not to exceed your current indirect cost rate already negotiated with a federal agency;
- use an indirect cost rate proposed to a federal agency for negotiation, but not yet finalized, as long as it is finalized by the time of the award;
- use a rate not to exceed 10% of the total modified direct costs if you have never had a federally negotiated indirect cost rate and you are otherwise eligible; or
- not include any indirect costs.

E. Application Review Information

E1. What are the review criteria?

Reviewers are instructed to evaluate applications according to the review criteria included within the Narrative instructions in Section D2 of this document. Reviewers consider all Required and Conditionally Required Documents, and Supporting Documents, as listed in [Section D2](#).

E1a. Is cost sharing considered in the review process?

Cost sharing is not required for this program and is not considered in the review of applications. [Click here for further information on cost sharing.](#)

E2. What is the review and selection process?

We use a peer review process to evaluate all eligible and complete applications. Reviewers are professionals in the field with relevant knowledge and expertise in the types of project activities identified in the applications. We instruct reviewers to evaluate applications according to the review criteria. Peer reviewers must comply with IMLS's Federal ethics and conflicts of interest requirements.

The Director takes into account the input provided by the review process and makes final funding decisions consistent with the purposes of the agency's mission and programs.

E3. What is the designated integrity and performance system and how does IMLS comply with its requirements?

IMLS, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold (currently \$ 250,000 but periodically adjusted), is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. § 2313 and 41 U.S.C. §134).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered.

IMLS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in considering the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.205 (Federal awarding agency review of risk posed by applicants).

E4. When will we be notified of funding decisions?

We will not release information about the status of an application until the applications have been reviewed and all deliberations are concluded. We expect to notify both successful and unsuccessful applicants of the final decisions by August 2020.

F. Award Administration Information

F1. How will we be notified of funding decisions?

We will notify both successful and unsuccessful applicants of funding decisions by email.

For applicants who receive awards, the award packet will be sent to the Project Director, Primary Contact/Grants Administrator, and Authorized Representative/Authorizing Official (as identified on the SF-424S). The award packet will contain the following:

- cover letter;
- Official Award Notification for Grants and Cooperative Agreements (the authorizing document)

for the award);

- links to the General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards, reporting forms, and the Grantee Communications Kit; and
- reviewer comments.

Your period of performance will be included on your Official Award Notification for Grants and Cooperative Agreements. The award period of performance would begin on September 1, 2020 and end no later than August 31, 2022.

For applicants who do not receive awards, the Project Director, Primary Contact/Grants Administrator, and Authorized Representative/Authorizing Official (as identified on the SF-424S) will receive the following:

- cover letter; and
- reviewer comments.

F2. What are the administrative and national policy requirements?

Organizations that receive IMLS grants or cooperative agreements are subject to the [IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards](#) (PDF, 246KB) and the [IMLS Assurances and Certifications](#). Organizations that receive IMLS funding must be familiar with these requirements and comply with applicable law.

As an applicant for Federal funds, you must certify that you are responsible for complying with certain nondiscrimination, debarment and suspension, drug-free workplace, and lobbying laws. These are set out in more detail, along with other requirements, in the [IMLS Assurances and Certifications](#). By signing the application form, which includes the Assurances and Certifications, you certify that you are in compliance with these requirements and that you will maintain records and submit any reports that are necessary to ensure compliance. Your failure to comply with these statutory and regulatory requirements may result in the suspension or termination of your award and require you to return funds to the government.

F3. What are the reporting requirements?

At a minimum, you will be required to submit a performance report and financial report annually.

Reports are due according to the reporting schedule that is part of your Official Award Notification for Grants and Cooperative Agreements. Grantees must submit reports electronically using the IMLS performance and financial report forms. In support of the agency's commitment to open government, interim and final performance reports may be made accessible on the IMLS website to engage the public in communities of practice and to inform application development and grant making strategies.

For details and forms, please see the [Manage Your Award: Administration page](#) on the IMLS website.

You must also comply with 2 C.F.R. §§ 180.335 and 180.350 and 2 C.F.R. pt. 3185 with respect to providing information regarding all debarment, suspension, and related offenses information, as

applicable.

F3a. What do we need to know if the Federal share of our award is more than \$500,000 over the period of performance?

If the Federal share of your award is more than \$500,000 over the period of performance, you should refer to the post-award reporting requirements reflected in 2 C.F.R. pt. 200, Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters.

IMLS may share grant applications, work products, and reports with grantees, potential grantees, and the general public to further the mission of the agency and the development of museum, library, and information services. These materials may be disseminated broadly and made available in a variety of ways and formats.

For the above reasons, you should not include in your application any information that you consider to be confidential or proprietary. However, if you do decide to provide information that you consider

confidential or proprietary, you must clearly identify it as such. IMLS will handle confidential and proprietary information in accordance with applicable law (e.g., Freedom of Information Act [FOIA], Privacy Act).

H8. How long should it take us to complete an application?

Complete applications include the elements listed in the Table of Application Components in [Section D2a](#). We estimate the average amount of time needed for one applicant to complete the narrative portion of this application to be 35 hours. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and writing and reviewing the answers.

We estimate that it will take you an average of 15 minutes per response for the IMLS Supplementary Information Form and the IMLS Library Program Information Form through Grants.gov; and three hours per response for the IMLS Budget Form. As a Federal agency, IMLS is required to obtain from all applicants certifications, including those regarding Nondiscrimination, Debarment and Suspension, Federal Debt Status, and Drug-Free Workplace. Applicants requesting more than \$100,000 in grant funds must also certify regarding lobbying activities and may be required to submit a "Disclosure of Lobbying Activities" form (Standard Form LLL). Some applicants will be required to certify that they will comply with other federal statutes that pertain to their particular situation. These requirements are incorporated in the Assurances Statement below. The authorized representative must review the statement and provide the certification in item 9 on the SF-424S.

Assurances Statement

By signing the application form, the authorized representative, on behalf of the applicant, assures and certifies that, should a Federal award be made, the applicant will comply with the statutes outlined below and all related IMLS regulations (for example, see 2 C.F.R. ch. XXXI and 45 C.F.R. ch. XI). These assurances are given in connection with any and all financial assistance from IMLS after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the United States Government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized representative whose signature appears on the application form.

Appendix Two – Required Federal Systems

Getting a D-U-N-S® Number

All non-federal entities are required to have a Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) number (a unique entity identifier) in order to apply for, receive, and report on federal awards.

You should verify that your organization has a D-U-N-S® number. You can get one within two business days at no cost by calling the dedicated toll-free D-U-N-S® number request line at 1-866-705-5711 or by visiting <http://www.dnb.com/duns-number.html>.

Registering for SAM.gov

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. You must be registered with SAM.gov before you register with Grants.gov. There is no fee to register with SAM.gov. [Click here to find information about registering with SAM.gov.](#)

SAM.gov registration requires an original, signed notarized letter identifying the authorized “Entity Administrator” for the organization associated with the D-U-N-S® number before a SAM.gov entity registration or renewal will be activated. For more information and updates, please see the FAQ at <https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/sam-update>.

We recommend that you allow several weeks to complete your SAM.gov registration. You must renew your registration in SAM.gov at least every 12 months—and sooner, if your information changes. An expired registration will prevent you from submitting applications via Grants.gov and receiving awards or payments. Grant payments will be made to the bank account that is associated with your SAM.gov registration.

Registering for Grants.gov

You must register with Grants.gov before submitting your application to IMLS. [Click here to learn more about the multistep registration process.](#) Make sure your D-U-N-S® number and SAM.gov registration are accurate, current, and active. We recommend that you allow several weeks to complete your Grants.gov registration.

After you register with Grants.gov, and create an Organizational Applicant Profile, the request for the organization’s Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log into Grants.gov and assign the appropriate roles to individuals within the organization. This will include the Authorized Organization Representative (AOR) which will give permission to complete and submit applications on behalf of the organization. For more detailed instructions about creating a profile on Grants.gov, please refer to <https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>.

Working with Grants.gov

[Click here to learn more about Grants.gov resources](#), which include checklists, FAQs, and online tutorials to assist you in preparing your organization to submit applications.

Grants.gov applicants apply online using “Workspace”. “Workspace” is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within a grant application. For each funding opportunity, you can create individual copies of a workspace to complete your application. Here is an overview of how to apply on Grants.gov.

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>

Designate more than one Authorized Organization Representative (AOR) when you register in Grants.gov. This will help avoid last-minute crises in the event that your one AOR is unavailable when you are ready to submit your application.

Update the contact information and password in Grants.gov when the AOR at your organization changes.

Grants.gov offers online support regarding [Adobe® software](#) and [browser](#) compatibility. Contact Grants.gov at support@grants.gov or call the help line (1-800-518-4726) for technical assistance. The help line is available 24 hours a day, seven days a week, except for federal holidays.

- f. **Organizational DUNS:** Enter your organization's D-U-N-S® number received from Dun and Bradstreet.
- g. **Congressional District:** Enter your organization's congressional district. Use the following format: two-letter state abbreviation, followed by a hyphen, followed by a zero, followed by the two-digit district number. For example, if the organization is located in the 5th Congressional District of California, enter "CA-005." For the 12th Congressional District of North Carolina, enter "NC-012." For states and territories with "At Large" Congressional Districts—that is, one representative or delegate represents the entire state or territory—use "001," e.g., "VT-001."
If your organization does not have a congressional district (e.g., it is located in a U.S. territory that does not have districts), enter "00-000." To determine your organization's district, [visit the House of Representatives website by clicking here](#) and using the "Find Your Representative" tool.

Item 6. Project Information

- a. **Project Title:** Enter a brief descriptive title for your project. IMLS may use this title for public information purposes.
- b. **Project Description:** Enter a brief description (about 120 words) of your project. Tell us what your project will do, for whom or what, and why. Use clear language that can be understood by readers who might not be familiar with the discipline or subject area.
- c. **Proposed Project Start Date/End Date:** Enter the start date and end date of the proposed period of performance in the format mm/dd/yyyy. The project period begins on the first day of the month in which project activities start and ends on the last day of the month in which these activities are completed. Refer to [Section B](#) of this Notice of Funding Opportunity to determine when your project can begin.

Item 7. Project Director

The Project Director is the person who will have primary responsibility for carrying out your project's activities. Enter the requested information for this individual here.

IMLS requires that the Project Director be a different person than the Authorized Representative.

Item 8. Primary Contact/Grants Administrator

The Primary Contact/Grants Administrator is the person who has primary responsibility for administering the award. Enter the requested information for this individual here. If the Primary Contact/Grants Administrator is the same as the Authorized Representative, please still complete both Items 8 and 9.

In some organizations this individual may be the same as the Project Director. If this is the case, check the box and skip to Item 9.

Item 9. Authorized Representative

The Authorized Representative is the person who has the authority to legally bind your organization. Enter the requested information for this individual here. **The Authorized Representative cannot be the same person as the Project Director.** By checking the "I Agree" box at the top of Item 9, this individual certifies the applicant's compliance with the [IMLS Assurances and Certifications](#) and any other relevant federal requirements.

The "Signature of Authorized Representative" and "Date Signed" boxes will be automatically populated by Grants.gov upon submission of the application. This will be the person whose name was listed as your organization's authorized representative when you registered with Grants.gov. Please note that this name might not be the same as the name and other information you entered in Item 9 above; however, the person whose name appears in the "Signature of Authorized Representative" box must have authorization from your organization to submit this application on behalf of your organization.

Submission of the electronic application acknowledges that your organization certifies compliance with relevant federal requirements, including but not limited to the [IMLS Assurances and Certifications](#), to the same extent as the signature does on a paper application.

If your proposal is selected for funding, your application, including but not limited to the Abstract, may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information. Address the following:

- a. Who is the lead applicant and, if applicable, who are the formal collaborators?
- b. What do you plan to accomplish and why?
- c. What is the time frame for the project?
- d. What community needs will the project address?
- e. Who is the intended audience for the activities?

- f. What are the specific project activities, goals, outcomes, results, and products?
- g. If applicable to the project, what are the intended outcomes for audience members in terms of measurable changes in understanding, interest, and confidence?
- h. Which of the project categories does your proposal align with? (Preservation and Revitalization, Educational Programming, or Digital Services. See [Section A4.](#))

If your proposed project is selected for funding, your abstract may be published online. As such, it must not include any sensitive or confidential information.

IMLS Budget Form

Download the [IMLS Budget Form](#) (PDF, 1.1MB).

The IMLS Budget Form accommodates up to three years of project activities and expenses. Project timelines, allowable costs, and other budget details vary by program. Be sure to review the Notice of Funding Opportunity for the grant program/category to which you are applying and the cost principles in 2 C.F.R. pt. 200 and 2 C.F.R. pt. 3187.

The Year 1 columns should include costs for activities that begin on the project start date (as listed on 6c of the SF-424S) and end 12 months later. If the project timeline exceeds one year, list the costs for the next 12 months in the Year 2 columns. If the project extends beyond two years, list the costs for the next 12 months in the Year 3 columns. If the program/category to which you are applying permits a fourth year as part of the budget, enter Year 4 budget details on a second copy of the IMLS Budget Form.

The budget should include the project costs that will be charged to grant funds as well as those that will be supported by cost sharing. In-kind contributions to cost sharing may include the value of services (e.g., donated volunteer or consultant time) or equipment donated to the project between the authorized start and end dates of your project. All the items listed, whether supported by grant funds or cost share, must be necessary to accomplish project objectives, allowable according to the applicable federal cost principles, auditable, and incurred during the award period of performance. Charges to the project for items such as salaries, fringe benefits, travel, and contractual services must conform to the written policies and established practices of your organization. You must report all revenues generated with project funds during the award period of performance as program income.

If you need more lines for a specific section, summarize the information in the IMLS Budget Form and explain it further in the Budget Justification.

- 1. Salaries and Wages:** Include both temporary and permanent staff as well as volunteers engaged in project activities. Document the method of cost computation (e.g., as percentage of a person's

time devoted to the project, number of days, number of hours) in your Budget Justification.

2. **Fringe Benefits:** Fringe benefits can only be claimed as a direct cost for those positions included in your direct cost pool. Fringe benefits may be claimed only on the portion of salaries and wages identified for this project.
3. **Travel:** Explain the method of cost computation for each travel cost, including subsistence, lodging, and transportation, in your Budget Justification.

You must use the lowest available commercial fares for coach or equivalent accommodations, and you must use U.S. flagged air carriers for foreign travel when such services are available, in accordance with applicable U.S. legal requirements.

Please refer to the Narrative section of this Notice of Funding Opportunity for information about special travel requirements, if any.

4. **Supplies, Materials, and Equipment:** List the costs of supplies, materials, and equipment purchased specifically for the proposed project. For definitions and other information, please see 2 C.F.R. pt. 200. Use the Budget Justification to explain or describe these items in further detail.
5. **Contracts and Subawards:** List each third party that will undertake project activities and their associated costs as an individual line item on your IMLS Budget Form. Designate each third party as either a contract or subaward using the drop-down menu on each line.

To explain or describe these items in further detail, you may either:

- itemize these third-party costs in your Budget Justification or
- include a separate IMLS Budget Form as a Supporting Document and refer to it in the Budget Justification, for more complex projects.

6. **Student Support:** If your project includes student support costs, enter them in this section. [Please click here for a definition and examples of student support.](#)
7. **Other Costs:** Use this section for costs that cannot be assigned to other categories. Do not use this section to list items that do not fit in the lines allotted for another section.
8. **Total Direct Costs:** These amounts will total automatically.
9. **Indirect Costs:** Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. [Click here for more information about indirect costs.](#)
10. **Total Project Costs:** These amounts will total automatically.

Cost Share

Cost share is that portion of the project costs that is not paid by IMLS funds. Common examples of cost share include cash outlays; contribution of property and services; and in-kind contributions, such as staff or volunteer time that support project activities.

All expenses, including cost sharing, must be incurred during the award period of performance unless otherwise specified and allowed by law. Federal funds from other federal awards may not be used for

cost sharing. All federal, IMLS, and program requirements regarding the use of funds apply to both requested IMLS funds and to cost sharing. See 2 C.F.R. §§ 200.29 and 200.306 for more information on cost share.

Budget Justification

To write your budget justification, follow the format of the IMLS Budget Form's section headings and save it as a PDF. Address both grant funds and cost share.

1. Salaries and Wages

Identify each person whose salary or wages will be paid with IMLS funds or by cost share, provide their names, describe their role in the project, the percent of time to be devoted to the project, and their rate of pay. If cost share is being provided by unpaid volunteers, explain how you arrived at the dollar amount used to represent the value of their services.

If you are requesting IMLS funding for salaries of permanent staff, explain the reason for the request and how the regular duties of these individuals will be performed during the award period of performance.

2. Fringe Benefits

Identify your organization's fringe benefit rate and explain the base for the calculation for each person. If you have consolidated several persons' fringe benefits into a single line on the IMLS Budget Form, break out the detail here.

3. Travel

For each trip, explain the purpose of the trip and specify the points of origin and destination, the name of the traveler, and break out the costs of transportation, lodging, per diem, and any other expenses associated with the travel. Explain how you arrived at the dollar amount.

4. Supplies, Materials, and Equipment

List each type of supply, material, and equipment you propose to purchase or provide as cost share for the project. Detail the number and unit cost for each item, and explain how you arrived at the dollar amounts. Provide vendor quotes or price lists as Supporting Documents with your application.

5. Contracts and Subawards

List the costs of project activities to be undertaken by third parties for the project. (Familiar terms for third parties can include partners, consultants, subgrantees, collaborators, vendors, or service providers.) Identify each third party by name, describe their role in the project, the activities they will carry out, and the cost. For each entry, designate the third party as either a subrecipient or a contractor. Explain costs for third parties and provide relevant Supporting Documents with your application. IMLS grant funds may generally not be provided to other U.S. government agencies.

You are responsible for making a case-by-case determination as to whether the agreement you make with a third party should be a contract or a subaward. That determination will depend upon the nature of your relationship with the third party with respect to the activities to be carried out. (See 2 C.F.R. § 200.330 (Subrecipient and contractor determinations).)

6. Student Support

Explain your method for calculating the costs listed in this section. [Please click here for a definition and examples of student support.](#)

7. Other Costs

Use this section for costs that cannot be assigned to other categories.

8. Total Direct Costs

Indicate the total direct costs, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

9. Indirect Costs

If you include indirect costs in your project budget, identify the rate(s) and explain the base(s) on which you are calculating the costs. [Click here for more information about indirect costs.](#)

10. Total Project Costs

Indicate the total project costs here, and specify how much you are asking from IMLS and how much you intend to provide as cost share.

Indirect Costs

What are indirect costs?

Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. Some examples include utilities, general insurance, use of office space and equipment that you own, local telephone service, and the salaries of the management and administrative personnel of the organization. See 2 C.F.R. pt. 200 for additional guidance.

What are our options for calculating and including indirect costs in our project budget?

You can choose to:

- Use a rate not to exceed your current indirect cost rate already negotiated with a federal agency;
- Use an indirect cost rate proposed to a federal agency but not yet finalized (if the rate is not finalized by the time of award, it will not be allowed);
- Use a rate not to exceed 10% of modified total direct costs if you have never had a federally negotiated indirect cost rate and you are not subject to other requirements (e.g., for States and local governments and Indian tribes); or
- Not include any indirect costs.

What is a federally negotiated indirect cost rate, and how do we use one?

Federally negotiated indirect cost rates are negotiated agreements between federal agencies and non-federal entities. If your organization already has an existing negotiated indirect cost rate in effect with another federal agency, you may use this rate to calculate total project costs, as long as you apply the rate in accordance with the terms of the negotiated agreement and include a copy of the current negotiated agreement with your grant application. You may also choose to use a rate lower than your

current federally negotiated indirect cost rate. We will only accept federally negotiated indirect cost rates that are current by the award date.

What if we use an indirect cost rate that we proposed to a federal agency but is not yet finalized?

If your organization is in the process of negotiating an indirect cost rate with a federal agency, you may use the indirect cost rate that was proposed to the federal agency to estimate total project costs. In such situations, if we award a grant, we will accept the rate only if the negotiations are final by the award date and a copy of the final agreement is submitted to us. IMLS staff will work with you to adjust your budget prior to awarding the grant.

How do we use the 10% indirect cost rate?

Except for those non-federal entities described in Appendix VII to 2 C.F.R. pt. 200, you may choose to charge a rate not to exceed 10% of modified total direct costs (MTDC), as long you have never had a federally negotiated indirect cost rate and you meet the applicable requirements. See 2 C.F.R. part 200, including 2 CFR sections 200.68, 200.414(f), and 200.510(b)(6), for additional guidance.

Modified total direct costs are direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each sub-award. MTDC excludes several cost categories, including equipment, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. See 2 C.F.R. § 200.68 for additional information.

If you are using the 10% indirect cost rate, check the box indicated on the IMLS Budget Form. No additional documentation is required.

Can we apply our indirect cost rate to the cost share portion on our IMLS Budget Form?

Yes. You may, consistent with 2 CFR part 200 (Uniform Guidance), apply your indirect cost rate to your total direct costs covered by cost share, but any costs you claim as cost share must be accounted for in the cost share column on the Budget Form. IMLS funds can be used for indirect costs, but only for the portion of the total direct costs for which you are requesting IMLS funds (the Grant Funds column).

Are there any other project costs that cannot be included in our indirect cost calculations?

If you have a federally negotiated indirect cost rate agreement, you must follow its conditions and requirements.

If you are eligible for and using a rate not to exceed 10%, you may include up to 10% of the modified total direct costs (MTDC) in your indirect cost calculations. (Please see above section on this 10% rate as well as 2 C.F.R. § 200.414(f) and § 200.68.)

Student Support Costs

Students are understood to be:

- Students enrolled in a community college, undergraduate, or graduate program of study.
- Individuals participating in post-master's or post-doctoral programs which are focused on supporting their career or professional development.

- Library, archive, and museum staff participating in education and training activities focused on their career or professional development.

Examples of student support include:

- Tuition support for students participating in the project.
- Salaries or stipends for graduate assistant work, so long as their work is focused on research and teaching activities (therefore contributing to their education).
- Pay and benefits for a resident or fellow to work in a position that is intended to support their learning outcomes or professional development.
- Costs for travel and conference registration provided to support a student or participant's learning outcomes or professional development.
- Costs of supplies and equipment provided to students to support a student's learning outcomes or professional development.

Activities not considered student support include:

- Students employed in roles that are primarily administrative or clerical, doing work that is not primarily focused on their career or professional development. These costs should be listed in the salaries and wages section of the budget, and tuition paid on behalf of these students would not be considered student support.

Proof of Private, Nonprofit Status

If your organization is applying as a private, nonprofit institution, you must submit a copy of the letter from the Internal Revenue Service indicating your eligibility for nonprofit status under the applicable provision of the Internal Revenue Code of 1954, as amended. (See 2 C.F.R. §3187.7(b)). We will not accept a letter of state sales tax exemption as proof of nonprofit status.

Appendix Four – IMLS Products Guidance

Guidance for Projects that Develop Digital Products

What are digital products?

IMLS broadly defines digital products as any digital content, resources, assets, software, or datasets that you may create, collect, or develop during the course of your project.

What are the IMLS requirements for projects that create, collect, or develop digital products?

IMLS is committed to expanding public access to federally funded research, data, and other digital products. The assets you create with IMLS funding require careful stewardship to protect and enhance their value, and they should be freely and readily available for use and re-use by libraries, archives, museums, and the public. However, applying these principles to the development and management of digital products is not always straightforward. We require that you follow the directions addressing

specific aspects of creating and managing digital products in the Digital Product Form. [Click here to access the Digital Product Form](#) (PDF, 2MB; [Word](#), 40.4KB).

Additionally, IMLS participates in the Federal Agencies Digital Guidelines Initiative (FADGI), a collaborative effort by federal agencies to define common standards, guidelines, methods, and best practices for creating digital collections. The FADGI website includes a growing list of links to relevant standards, recommendations, and other resources. While this list is not exhaustive—nor do we endorse any specific resource—applicants considering digital projects may find the information useful. [Click here to access the FADGI website](#).

If your proposal is selected for funding, your application, including but not limited to the Digital Product Form, may be published online, or otherwise shared, by IMLS. As such, it must not include any sensitive, proprietary, or confidential information.

Access to Work Products and Documents from IMLS Supported Projects

How should we share our work products from IMLS-supported projects?

All work products resulting from IMLS funding should be distributed for free or at cost unless we have given you written approval for another arrangement. We encourage IMLS grant recipients to share their work products (including publications, datasets, educational resources, software, and digital content) whenever possible through free and open-access journals and repositories. We expect you to ensure that final peer-reviewed manuscripts resulting from research conducted under an award are made available in a manner that permits the public to access, read, download, and analyze the work without charge. Wide dissemination of the results of IMLS-funded projects advances the body of knowledge and professional practice in museum, library, and information services.

What project documents might IMLS make openly accessible?

We may share grant applications, work products, and reports with grantees, potential grantees, and the general public to further the mission of the agency and the development of museum, library, and information services. We require that your final report include one copy of each written product you create, unless otherwise instructed. These materials may be disseminated broadly and made available in a variety of ways and formats.

What do we need to know about copyright and works produced with IMLS support?

You may copyright any work that is subject to copyright and was developed under an award or for which ownership was purchased. However, we reserve, for federal government purposes, a royalty free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work. We encourage you to make your works produced with IMLS support widely available, including through the use of open licenses.

What do we need to know about digital products produced with IMLS support?

IMLS is committed to expanding public access to federally funded digital products (i.e., digital content, resources, assets, software, and datasets). We require that you follow the directions addressing specific aspects of creating and managing digital products in the Digital Product Form. The form provides additional instructions and guidance. [Click here to access the Digital Product Form](#) (PDF, 2MB; [Word](#), 40.4KB).

Appendix Five – Conflict of Interest Requirements

Conflict of Interest Requirements

What conflict of interest requirements must we follow?

As a non-federal entity, you must follow IMLS conflict of interest policies for federal awards. You must disclose in writing any potential conflict of interest to an IMLS Program Officer, or to the pass-through entity if you are a subrecipient or contractor. This disclosure must take place immediately whether you are an applicant or have an active IMLS award.

The IMLS conflict of interest policies apply to subawards as well as contracts, and are as follows:

- As a non-federal entity, you must maintain written standards of conduct covering conflicts of interest and governing the performance of your employees engaged in the selection, award, and administration of subawards and contracts.
- None of your employees may participate in the selection, award, or administration of a subaward or contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an organization considered for a subaward or contract. The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or contractors or parties to subawards or contracts.
- If you have a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, you are unable or appear to be unable to be impartial in conducting a subaward or procurement action involving a related organization.
