

Helpful Hints for completing the IMLS Pacific Competitive Grant 2016 Financial Status Report (FSR)

In completing the online form, you will only need to make entries in the cells that are shaded in **Light Green**; all the other cells are locked. The cells shaded in **Yellow** have formulas built-in and will make the necessary calculations for you. The cells shaded in **Gray** do not need your input. You may make your entries in the **Light Green** cells in any order you like; the formulas will take care of the rest.

If you have trouble using the form, you can print it out to be completed by other means.

Upper right corner of form - State: Enter the name of your State, U.S. Territory, or Freely Associated State.

Item 1 – Federal Grant or Other Identifying Number Assigned By Federal Agency: This is the ten-digit Federal Award Identification Number (FAIN) assigned by IMLS.

Item 2 – Financial Report: After printing the form, check “Final” if this is your Final FSR for the 2016 Pacific Competitive award. You cannot submit an Interim Report unless you have received approval from IMLS and a Final submission date has been approved; if both of these conditions have been met, check “Interim.”

Item 4 – EIN: This is the Employer Identification Number (EIN), also known as a Federal Tax Identification Number, and is used to identify a business entity. It is issued by the IRS.

Item 5 – DUNS: This is the Data Universal Numbering System or D-U-N-S® Number. This number is D&B's copyrighted, proprietary means of identifying business entities on a location-specific basis. Assigned and maintained solely by D&B, this unique nine-digit identification was adopted as the standard business identifier for Federal electronic commerce.

Item 6 – Recipient Account Number or Identifying Number: This is the account number or any other identifying number assigned by the recipient to the award. This number is for the recipient's use only and is not required by the Federal agency.

Item 10 a – Total Match – State and Other (local governments, corporations, and foundations): These are the State funds expended plus the funds that local governments, corporations, foundations, and organizations other than the State expended to specifically support the activities of the grant award. The total match figure for Freely Associated States (Federated States of Micronesia, Palau, and Republic of the Marshall Islands) must meet or exceed 34% of total project costs. (To calculate minimum match requirement multiply grant award by .5152) Territories are encouraged to report any matching funds.

Item 10 d – Unobligated balance of Federal funds (these funds to be deobligated): Enter the amount of 2016 Pacific Competitive Grant funds that were not obligated before Sep. 30. These are funds that you know will not be spent. These funds will have to be returned to IMLS if drawn down, and they will be deobligated and returned to the U.S. Treasury.
