Institute of Museum and Library Services Funding Report: FY 2011 - 2016

The Institute of Museum and Library Services (IMLS) helps ensure that all Americans have access to museum, library, and information services. IMLS is an independent grantmaking agency and the primary source of federal support for the nation's approximately 123,000 libraries and 35,000 museums. The agency supports innovation, lifelong learning, and entrepreneurship, enabling museums and libraries to deliver services that make it possible for communities and individuals to thrive.

Grants to State Library Administrative Agencies

Grants to States Awards (LSTA):
FY 2011-2016

The Library Grants to States Program, supported by the Library Services and Technology Act (LSTA), is IMLS's largest program and provides grants to every state using a population-based formula. State Library Administrative Agencies (SLAAs) provide IMLS with a five-year plan and use subawards and statewide projects to improve library services.

In FY 2014, IMLS's \$3.11 million grant to the SLAA leveraged approximately \$21.33 million in support from the state that year for library services through the SLAA.

Between FY 2013-2015, 40 percent of Massachusetts' projects focused on improving patrons' lifelong learning, including formal education, general knowledge, and skills. Just over one quarter focused on improving libraries' institutional capacity (29%) and on improving patrons' information access (26%). Just under half (49%) of these projects were administered at the Commonwealth's public libraries.

Competitive Awards to Museums and Libraries

IMLS administers competitive grant programs that help museums and libraries offer learning experiences, support community and civic engagement, care for collections, and provide digital access to content. More than \$21.5 million was awarded through 140 grants to libraries and museums in Massachusetts in FY 2011-2016, including two National Medals for Museum and Library Service.

Museum Assessment Programs

IMLS funds two museum assessment programs benefiting thousands of primarily small and medium-sized museums. First offered in 1981, the Museum Assessment Program (MAP) helps museums strengthen operations, plan for the future, and meet professional standards. The Collections Assessment for Preservation (CAP) program, initially launched in 1990, provides museums with an analysis of the condition of their collections and building systems to improve the long term care of these community resources. The Massachusetts museums participating in MAP or CAP since FY 2011 are:

- 1749 Court House Museum—Plymouth, MA
- Attleboro Area Industrial Museum—Attleboro, MA
- Beverly Historical Society Inc.—Beverly, MA
- Bostonian Society Old State House Museum—Boston, MA

Data Sources and Notes

1. **IMLS Investments:** Non-Federal Contribution figures for Grants to States based on yearly figures rounded to the nearest \$10,000. Federal funding data for “Grants to States, Libraries,” are from the IMLS Applications and Awards Management System (AAMS). Data about number of projects for “Grants to States, Libraries” are from the State Program Report (SPR) system. “Non-Federal Contributions” for “Grants to States, Libraries” are as reported in state/territory Financial Status Reports (FSR) via hardcopy for FY 2011-2013 and in the SPR system for FY 2014-2015. Data about “Competitive Awards to Museums & Libraries” are from IMLS AAMS.
2. **Grants to State Library Administrative Agencies (SLAA):** “Grants to States Awards (LSTA)” data are from IMLS AAMS. For more information about the IMLS Grants to States Program visit: <https://www.imls.gov/grants/grants-states>. The statutory “maintenance of effort” requirement helps ensure that federal support results in an increased level of library services within the state and that federal dollars do not replace state support over time. Data described in “Grants to States Project Objectives” and “Grants to States Project Awards by Grantee Library Type” charts were reported by states/territories in the SPR system. The majority of states reported this data through the online SPR system beginning in FY 2014; 17 states reported FY 2013 data through this system during its piloting phase. Massachusetts participated in the piloting of the SPR in FY 2013. Focal areas are associated with project goals. Definitions of SPR Focal Areas are:
 - Institutional Capacity: Add, improve or update a library function or operation in order to further its effectiveness.
 - Information Access: Improve users’ access to information.
 - Lifelong Learning: Improve users’ knowledge or abilities beyond basic access to information.
 - Human Services: Improve users’ ability to apply information that furthers their personal, family or household circumstances.
 - Employment and Economic Development: Improve users’ ability to apply information that furthers the status of their jobs and/or businesses.
 - Civic Engagement: Improve users’ ability to engage in their communities.
